Re: PacifiCorp Notice of Affiliate Transaction
Docket No. 05-035-54

Dear Mr. Widerburg:

Pursuant to Commitment U3(2), incorporated in the Public Service Commission of Utah's *Report and Order* approving the *Acquisition of PacifiCorp by MidAmerican Energy Holdings Company* (MEHC), issued January 27, 2006, as amended March 14, 2006, and June 5, 2006, Rocky Mountain Power d.b.a. PacifiCorp hereby provides notice of an affiliated interest transactions with BNSF Railway Company (BNSF) for a Customer Requested Work Agreement under which Pacific Power will perform service line maintenance at BNSF's request. A verified copy of the Customer Requested Work Agreement (Agreement) is included with this Notice as Attachment A.

Pacific Power is an unincorporated division of PacifiCorp. PacifiCorp is a wholly-owned indirect subsidiary of Berkshire Hathaway Energy Company (BHE). BHE is a subsidiary of Berkshire Hathaway, Inc. BNSF is also a subsidiary of Berkshire Hathaway, Inc. Therefore, Berkshire Hathaway, Inc.'s ownership interest in BHE and BNSF may create an affiliated interest relationship between the Company and BNSF in some PacifiCorp jurisdictions.

Klamath County, Oregon has made plans to widen a county road that is adjacent to BNSF's property. As a result of the road widening project, one of BNSF's current signal crossing cabinets must be moved to the other side of the road. BNSF requires Pacific Power to perform the service line maintenance required to move the signal crossing cabinet.

Pacific Power uses standardized pricing for these types of agreements. BNSF will pay Pacific Power \$2,486 for the work performed under the Agreement. Completing the service line maintenance as set forth in the Agreement is in the public interest because it allows Pacific Power to install and maintain facilities necessary to provide electric service and to meet its obligation to provide safe and reliable electric service.

Gary Widerburg
Notice of Affiliate Transaction
June 14, 2016

If the service line maintenance to be performed under the Agreement was not completed, Pacific Power would not be able to meet its obligation to provide electric service. As the relevant utility, Pacific Power is the only entity that can provide the required services to BNSF.

Please do not hesitate to contact me if you have any questions.

Best Regards,
