Notice of Discontinuance of Common Carrier Broadband Internet Access Transmission Service Under Tariff and Continued Provision of Service on a Permissive Detariffed Basis

CC Docket No. 02-33

All West Communications, Inc. currently offers common carrier broadband Internet access transmission service under tariff through the National Exchange Carrier Association (NECA) Tariff F.C.C. No. 5. All West Communications, Inc. hereby provides notice that the Company has requested from NECA that it remove the Company as a provider of Digital Subscriber Line Access and Consumer Broadband-only Loop Services under Tariff F.C.C. No. 5, effective July 1, 2020.

Furthermore, All West Communications, Inc. will continue to provide common carrier wireline broadband Internet access transmission service on a permissive detariffed basis. All West Communications, Inc. will post the rates, terms and conditions of its broadband Internet access transmission services to its website of www.allwest.com. The Company will also make physical copies of its offering reflecting the rates, terms and conditions available for public inspection at its business office, at the address provided below:

Kamas, UT 84036

The discontinuance of Company's offering of broadband Internet access transmission service under tariff, and the continued provision of such service on a detariffed basis, will apply to the entirety of the Company's study areas (SACs: 502288 and 512290) in the states of Utah and Wyoming.

Company currently has only one customer for its broadband Internet access transmission service. That customer is the Company's own non-regulated Internet service provider (ISP) affiliate. The Company's affiliated ISP purchases broadband Internet access transmission service for use as an input for the broadband Internet access services it offers to residential and business end-user customers. The discontinuance of the tariffed offering of broadband Internet access transmission service will have no effect on the end-user services provided by the Company's affiliated ISP.

On April 20, 2020, All West Communications, Inc. furnished its affiliated ISP with the attached memorandum, which notifies the ISP of the Company's plan to discontinue its provisioning of broadband Internet access transmission service under tariff and to continue providing such service on a detariffed basis.
