SECTION 63.71 APPLICATION OF AT&T

AT&T Services, Inc., on behalf of its affiliate, AT&T Corp. (referred to herein as "AT&T") applies for authority under Section 214(a) of the Communications Act, as amended ("the Act"), 47 U.S.C. § 214, and Section 63.71 of the Federal Communications Commission's ("Commission") rules, 47 C.F.R. §63.71, to discontinue AT&T All In One Local Exchange Service throughout its service territory in Arizona, Colorado, Minnesota, Nebraska, Oregon, Utah, and Washington.

As required by Section 63.71 of the Commission's rules, AT&T provides the following information:

Name and Address of Carrier:

AT&T Corp.

The address for purposes of this application is:
208 S. Akard Street
Dallas, Texas 75202

Date of Planned Service Discontinuance:

Effective on or after October 1, 2020, pending regulatory approval, AT&T All In One Local Exchange Service will be discontinued and will no longer be available for purchase by new or existing customers.

Points of Geographic Areas of Service Affected:

AT&T will no longer offer AT&T All In One Local Exchange Service throughout its service territory in Arizona, Colorado, Minnesota, Nebraska, Oregon, Utah, and Washington.

Brief Description of Type of Service Affected:

AT&T All In One Local Exchange Service provides small business customers with an analog communications channel that allows them to place and receive local voice phone calls and facilitates intrastate and interstate long distance calls.

AT&T is discontinuing AT&T All In One Local Exchange Service because demand has declined significantly. The public convenience and necessity will not be impaired by the discontinuance of this service because there are alternative voice services available to these customers, including AT&T's Office@Hand service, which is a cloud-based IP service that enables customers to connect seamlessly on almost any device using only one number for all their business voice, fax, and text messages. Further, AT&T is a reseller in the affected service areas and replacement services are also available from other carriers, such as CenturyLink, the incumbent local exchange carrier throughout the affected service area.¹

¹ AT&T's action to discontinue AT&T All In One Local Service is not a "Technology Transition" as defined in 47 CFR 63.60(i) because customers are not required to replace their service with a different technology or medium for transmission. CenturyLink continues to offer TDM-based local voice service throughout AT&T's service area included in this discontinuance.

Brief Description of the Dates and Methods of Notice to All Affected Customers:

Customer notices were sent via U.S. Mail on June 23, 2020.² Copies of this Application are being sent, first class U.S. Mail to the public utility commission, governor, federally recognized tribes (if any) in the affected state, and to the Special Assistant for Telecommunications to the Secretary of Defense, as required by 63.71(a) of the Commission's rules.

Regulatory Classification of Carrier:

AT&T offers AT&T All In One Local Service pursuant to non-dominant carrier regulation.

Questions about this application may be addressed to Joshua Woodbridge, AT&T Services, Inc., Director - Federal Regulatory, 1120 20th Street N.W., Suite 1000, Washington, D.C. 20036, (202) 457-2139.

Conclusion:

As discussed above, the public convenience and necessity will not be adversely affected by the discontinuance of AT&T All In One Local Service because there are other options for voice service available in these areas. AT&T respectfully requests the Commission approve its Section 63.71 Application to discontinue service.

Respectfully submitted,

AT&T is required by the FCC to provide the following statement:

The FCC will normally authorize this proposed discontinuance of service (or reduction or impairment) unless it is shown that customers would be unable to receive service or a reasonable substitute from another carrier or that the public convenience and necessity is otherwise adversely affected. If you wish to object, you should file your comments as soon as possible, but no later than 15 days after the Commission releases public notice of the proposed discontinuance. You may file your comments electronically through the FCC's Electronic Comment Filing System using the docket number established in the Commission's public notice for this proceeding, or you may address them to the Federal Communications Commission, Wireline Competition Bureau, Competition Policy Division, Washington, DC 20554, and include in your comments a reference to the section 63.71 Application of AT&T Corp. Comments should include specific information about the impact of this proposed discontinuation (or reduction or impairment) upon you or your company, including any inability to acquire reasonable substitute service.
