Lance Kippen
Manager Special Projects - IPP
Union Pacific Railroad Company
1400 West 52nd St.
Denver, CO 80221

Dear Mr. Kippen:

Plans are being prepared to potentially restripe and/or widen the existing roadway to three lanes eastbound at the location referenced above. The proposed work includes restriping and/or roadway widening. In connection with the project, the Agency considers it necessary for the successful advancement of the project for your company to collaborate in the development of the project by performing the following:

- preliminary engineering and other related services
- development of cost estimates
- review of the project's preliminary layouts

The Agency authorizes and agrees to reimburse the Railroad for its expenses and actual costs that are incurred for collaborating in the development of the project's preliminary engineering and other preliminary activities. The Railroad has estimated that these preliminary engineering and other preliminary costs will be \$20,000. Payment will be made within thirty (30) days from the Agency's receipt and approval of the Railroad's request for reimbursement. Railroad will refer to Agency's Project Number 17-206 and forward Invoices to Tom Dickinson.

Additionally, attached for your company's review and approval is one (1) set of half-scale prints of the concept plans marked **Exhibit A**, which are the 30% complete plans and show the basic features of the proposed highway project at the location referenced above. Please review and provide comment on the basic features of the **Exhibit A** as soon as possible. Also enclosed is one (1) set of photos of the project area.

The project may require the Railroad to incur costs for force account activities. Please prepare the railroad force account cost estimate for work activities to be provided by your company, as

Logan City
Docket No. 21-888-01
Exhibit 1

identified in **Exhibit A** and submit them at your earliest convenience so that they may be attached to the railroad generated Construction & Maintenance (C&M) agreement.

This agreement is intended to address Preliminary Engineering. It is understood by both parties that railroad may withhold its approval for any reason directly or indirectly related to safety or its operations, property issues or effect to its facilities. If the Project is approved, Union Pacific will continue to work with the Agency to develop Final Plans, Specifications and prepare Material and Cost Estimates for Railroad Construction Work associated with the project. It is also understood that if the project is constructed, if at all, at no cost to the railroad.

The Agency and the Railroad will enter into separate License, Right of Entry, Construction and Maintenance Agreements associated with the actual construction of the project if the project is accepted and approved by the railroad. The Agreements will be drafted by Union Pacific and forwarded to the Agency after the **Exhibit A** and cost estimates have been approved.

Please contact Travis Bailey at telephone number (801) 904-4178 via email at travis.bailey@aecom.com if you have any questions. Your assistance in this matter is appreciated.

Sincerely,
