Included features on both Regional & National Plans: Basic Voice Mail, Caller ID, Call Waiting, Call Forwarding, Six-Way Calling and No Answer/Busy Transfer

Roaming and Long Distance

- **No Domestic Roaming or Long Distance Charges**  
*National Plans* - when you are on Union Wireless' Extended GSM Network.

*Regional Plans* - for calls made within the 15 states of WY, CO, UT, ID, MT, NV, AZ, NM, TX, WA, OR, CA, SD, ND or NE on Union Wireless' Extended GSM Network.

- **Domestic Roaming**

*National Plans* - Roaming calls made outside of Union Wireless' Extended GSM Network will be billed as low as \$.69 per minute.

*Regional Plans* - Roaming calls made outside of the 15 states noted above will be billed as low as \$.69 per minute.

- **Domestic Long Distance**

*National Plans* - Domestic long distance calls made outside of Union Wireless' Extended GSM Network will be billed as low as \$.20 per minute.

*Regional Plans* - Domestic long distance calls made outside of the 15-States noted above will be billed as low as \$.20 per minute.

**Please Note:** *Airtime charges apply. Long distance charges may also apply to calls received. Domestic long distance is an additional \$.20 per minute for calls received while roaming.*

**Individual or Shared Calling Plans Roaming Indicator**

Your wireless phone display screen is your "Roaming Indicator". When your phone's banner display reads "Home", "Union Tel" or "Union Extended", home airtime rates apply within the Domestic U.S. (National Plans) or the 15 specified states (Regional Plans) and GSM features and service are available. If GSM services and features are not available, the display screen will be blank or read "No Service". Roaming rates apply if the display reads "Union Extended" outside of the defined 15 State area (Regional Plans) or when the display reads "Roaming" (National & Regional Plans).

**Basic Voice Mail**

- If you can't answer, voice mail will take the caller's message and leave notification.
- Mailboxes must be initialized within 90 days.

**Calling Features**

- *Caller ID* - Identifies caller so you may screen calls before answering.
- *Call Waiting* - Puts the caller on hold so you may take another call at the same time.
- *Call Forwarding* - Forwards your calls to another number.
- *Six-Way Calling* - Include up to five other people in your conversation at the same time.
- *No Answer/Busy Transfer* - Transfer busy or unanswered calls to another number or voicemail.

**Mobile to Mobile Minutes** apply only to calls made within Union Wireless' Home Network and while the phone displays Union Wireless or Union Tel. Calls made to Union subscribers that are not on Union Wireless' Home Network or made while the subscriber is on Union Wireless' extended network do not qualify as Mobile-to-Mobile.

**Night and Weekend Minutes** can only be used while on Union Wireless' Home Network. Standard Night & Weekend times are from 9:00 pm to 6:00 am Monday through Thursday and 9:00 pm Friday through 6:00 am Monday morning. Extended Night & Weekend Minutes are 7:00 pm to 7:00 am Monday through Thursday and 7:00 pm Friday through 7:00 am Monday morning.

*Extended Night & Weekend Minutes can be purchased for \$10.00 per month.*

Important information about your plan.

Regional, National, Individual and Shared Calling Plans are only available with Union Wireless approved and programmed GSM equipment with specific software. Rates are based on use of phones as programmed by Union Wireless. Your phone software may be changed over the air without notice. Service may not be available in all areas.

Activation is subject to credit approval. A deposit may be required.

Calls must be placed on Union Wireless' GSM network or extended GSM network. Geographic and other restrictions apply. Rates do not apply to credit card or operator assisted calls, which may be required in certain areas. Union Wireless will be your long distance provider. Airtime is rounded to the next full minute, so actual allowance may vary. Unused airtime minutes are not carried forward. Charges for calls that connect begin when you press "SEND" while placing a call, or upon connection to the system. On incoming calls, charges may begin prior to the phone ringing and before you press "SEND" to receive the calls. Charges end when the call disconnects from the system, which may be a few seconds after you press "END". Calls to certain fax/data modems incur charges, though it may sound as if the call was unanswered. Airtime is charged on calls to toll-free numbers.

There may be times when you are roaming on another carrier's network. The billing for roaming minutes used on another carrier's network and related long distance charges (if applicable) may be delayed depending on when Union Wireless is billed by the other carrier. These roaming minutes may be applied against your monthly airtime allowance in the month they appear on your bill and not during the month of usage and may result in phone charges in addition to your monthly access charge. Automatic Roaming may not be available in all areas.

For the Regional & National Individual or Shared Calling Plans, GSM equipment with Union Wireless' most current preferred roaming list is required. To begin using your GSM phone, please follow the directions included with your phone. Failure to program your phone properly may result in inaccurate roaming indicator display of your calling area and in additional charges. Accuracy of roaming indicator cannot be guaranteed, although actual charges will be accurate based on billing system information.

Subject to the terms of the Union Wireless Service Agreement, which applies to all lines on an account. Please read and understand it before activation. Our liability is significantly limited. Tolls, taxes and surcharges, including the Federal Universal Service and Regulatory Fee resulting from our costs of Federal Government assessments, apply and are in addition to airtime.

Airtime minutes are not transferable on the Regional & National Individual or Shared Calling Plans. Union Wireless' calling plans, rate area, rates, agreement provisions, business practices, procedures and policies are subject to change as specified in the Service Agreement.

Availability and reliability of service are subject to radio transmission limitations caused by system capacity, system repairs and modifications, your equipment, terrain, signal strength, weather and other conditions

All lines must be activated on the same billing account. All lines on the account will share Monthly Anytime Minutes as specified. Each Regional & National Individual or Shared Calling Plan Account may have a maximum of five shared subscribers. Only Regional & National Individual or Shared Calling Plan Subscribers may be placed on Union Wireless' Regional or National Individual or Shared Calling Plans.

Not eligible for all promotions.

Union Wireless Regional Map

Local (Home) Coverage Map

■ In-Building & Outdoor Coverage  
■ Outdoor Coverage

The Union Wireless Regional and National rate maps show approximately where rates apply and are not depictions of actual service availability or wireless coverage. The mapped territory contains areas with no service. Wireless coverage is subject to network and transmission limitations, including cell site unavailability, particularly in remote areas. Alaska has limited coverage on the National Map. Customer equipment, weather, topography and other conditions can effect service area. Actual coverage may vary. When digital service is not available, your device may not operate or be able to make 911 calls. All features may not be available in all areas. Some features include airtime and domestic long distance charges.
