## **II. IDENTITY OF PETITIONER**

XO is a Competitive Local Exchange Carrier (“CLEC”) certificated to provide both intraexchange and interexchange telecommunications services in Utah. XO currently competes with, and obtains services and facilities from, Qwest Corporation (“Qwest”) in the provision of intraexchange and interexchange services.

## **III. INTEREST OF PETITIONER**

XO has a substantial interest in the subject matter of this proceeding. Qwest has requested that the Commission approve additions to Qwest’s non-impaired wire center list. Qwest’s petition could impact the rates that Qwest offers its wholesale customers such as XO if wire centers were added to the non-impaired list and certain unbundled network elements thus became unavailable at cost-based rates in those wire centers. The related increase in the rates XO is charged for wholesale services that it purchases from Qwest could impact XO’s ability to provide the products and services it offers to customers in those wire center areas. XO, therefore, is materially interested in, and will be substantially affected by, the Commission’s resolution of the issues presented in this proceeding.

## **IV. REQUEST FOR INTERVENTION**

The evidence, if any, and briefing presented by XO will be of material value to the Commission in its determination of the issues involved in this proceeding, and XO’s intervention will not broaden those issues or delay the proceedings.

WHEREFORE, XO prays for leave to intervene as a party to this proceeding, with the ability to participate to the full extent allowed by the Commission's rules and Utah law.

RESPECTFULLY SUBMITTED this 3rd day of August, 2007.
