Re: Docket No. 07-2419-01

In the Matter of the Petition of Direct Communications Cedar Valley, for a Rebalance of Rates and Support from the State Universal Service Support Fund

On February 4, 2008, the Division of Public Utilities (“Division”) filed a memo with the Commission stating that Direct Communications (“Direct”) was not in compliance with the original Order issued in Docket No. 04-2419-01, which granted it a CPCN to operate as an ILEC in Eagle Mountain. The Division and Direct agreed that the formal filing date of their rate case would not begin until Direct was in full compliance.

On February 12, 2008, Direct filed the missing information; it is now in compliance with the requirements of the original Order. The Division recommends that, as of February 12, 2008, the Commission begin the 240 day time period of the rate case. The Division further recommends that the Commission arrange a scheduling conference at its earliest convenience.
