BEFORE THE PUBLIC SERVICE COMMISSION OF UTAH

In the Matter of the Request of QWEST CORPORATION ("QWEST") and ALL WEST COMMUNICATIONS, INC. ("ALL WEST"), for approval of the Transfer of Service Territory between the QWEST Evanston Exchange and the ALL WEST Coalville Exchange.	MOTION FOR PROTECTIVE ORDER DOCKET NO. 08-049-26
--	---

All West Communications, Inc. ("All West"), hereby moves that the Public Service Commission of Utah (the "Commission") enter into a Protective Order in the form attached hereto, which is the template form suggested by the Commission. The grounds for this Motion are as follows:

1. All West and Qwest Corporation ("Qwest") filed a Joint Application for Approval of the Transfer of Service Territory between the Qwest Evanston Exchange and the All West Coalville Exchange on June 2, 2008.
2. The Division of Public Utilities has submitted data requests that call for the production of customer billing records and information which contain customer proprietary

network information that is confidential in nature and cannot be produced without a protective order.

3. The entry of the proposed Protective Order will expedite the production of documents and other information, and will afford the necessary protection to valuable, confidential customer proprietary network information, and other business information. It will also afford protection to the Commission as well as parties who might review the information and subsequently be requested to reveal its contents inasmuch as the proposed order sets forth clear parameters for use of confidential information. Further, it will protect the confidential information of any other parties which might be provided during the course of these proceedings.

3. The entry of the proposed Protective Order will enable this Commission and other parties to adequately review the documentation which is provided pursuant to such Protective Order that it may have sufficient background upon which to enter its findings.

4. The proposed Protective Order is fair and equitable to all parties and provides the Commission with the opportunity to review information sought by the parties and at the same time allow for protection of the integrity of private property. The proposed Protective Order and Agreement to be executed thereunder will strike a reasonable balance between the desire for a fair production of documents and the protection of trade secret property as well as expedite the production of documents and other information to parties seeking to prepare for hearing.

5. The proposed Protective Order is the same as the Orders entered by the Commission in prior cases, and is in the form suggested by the Commission.

THEREFORE, All West requests that the Commission enter the Protective Order in the form attached hereto.

DATED this _____ day of June, 2008.
