Re: Qwest's filing of revised PAP per PSC's February 4, 2009 Order Docket No. 08-049-50

Recommendation:

Close the Docket

Issues:

On March 3, 2009 Qwest filed the revised PID and PAP as requested by the Commission. Early in 2008 Qwest filed a stipulation that had updated PID and PAP information. The stipulation was agreed to by five CLECs. The Commission approved the proposed changes but was unable to enforce the PID and PAP onto other CLECs. As contemplated in the PID the Commission opened up a six month review to allow other CLECs an opportunity to comment on the changes. After a comment period and technical conference, the Commission approved the PID and PAP for the other CLECs. With the filing the Division believes this Docket to be completed and requests the Commission close the docket.

James B. Farr, Qwest
