RE: Bear Lake Communications Inc. Tariff Revisions
Docket No. 08-2201-01 (09-2201-T01)

STATUS:

CentraCom Interactive, the parent company for Bear Lake Communications Inc. has complied with the Division's request to update and make selected revisions to the tariff and update the exchange maps on file with the Commission for Bear Lake Communications Inc.

The revised tariff was recently filed with the Commission but there are still a few improvements needed on the exchange map for the Garden City exchange. The map needs a bit more detail such as including streets and/or landmarks and making boundary lines darker and more readable, and including notation on the pages. In addition, this exchange was expanded and the company needs to provide documentation that authorized the expansion.

The Division is working with CentraCom to complete the revisions to the map. When the changes are completed, the appropriate pages will be provided to the Commission and the Division will issue a recommendation.
