SYNOPSIS

By this Report and Order, the Public Service Commission of Utah (Commission) grants the request (Application) of Broadvox-CLEC, LLC. (Applicant) for a Certificate of Public Convenience and Necessity (Certificate) authorizing Applicant to provide public telecommunications services within Utah, excluding those local exchanges having fewer than 5,000 access lines of an incumbent telephone corporation with fewer than 30,000 access lines in the state. The Commission, having considered the record in this proceeding and the applicable law, hereby makes, adopts, and enters the following Report and Order.

By The Commission:

PROCEDURAL HISTORY

Applicant filed its Application on November 9, 2009, seeking a Certificate to compete as a telecommunications corporation and to compete in providing interexchange and public local exchange telecommunications services in Utah. December 14, 2009, the Division of Public Utilities (Division) filed a memorandum recommending approval of the Application. The Division specifically recommended the Commission waive the requirement that Applicant file proof of a \$100,000 bond, given that the Applicant will not require customer deposits or prepayments of any kind.

There were no Intervenors and no opposition to the Application. The Applicant made its *prima facie* case in support of the Application. On January 19, 2010, the ALJ of the Commission held a duly noticed hearing on the Application. Michael Ginsberg, assistant attorney general, appeared for the Division. Ron Slusher testified on behalf of the Division. There were no objections to issuance of the Application raised at the hearing.

Therefore, the Commission, being fully appraised in the matter, enters the following Findings of Fact, Conclusions of Law, and Order.
