Re: Telephone Exchange Map for Gunnison Telephone Company for the Gunnison Exchange service area, Docket No 10-043-T01

ISSUE:

Pursuant to Commission rules R746-340-2 (E)(1)(2), and R746-405-2 and, Public Utilities Statutes 54-7-8 and 54-7-12 (6)(d), the Division of Public Utilities (DPU) petitioned the Public Service Commission (PSC) to initiate a review of various telecommunications service providers' tariffs and exchange maps to bring them into compliance with Commission rules. The PSC issued Docket No. 08-043-01 on October 22, 2008 for review of the Gunnison Company's tariffs and exchange maps. This exchange map filing by Gunnison is in response to the Commission's docket.

RECOMMENDATION: Approve new tariff map and close Docket No. 08-043-01.

BACKGROUND:

The DPU has worked with Gunnison Telephone Company to review its tariff and develop its exchange map. Gunnison considers its tariff up-to-date, but recognizes the need for an updated exchange service map to be filed with the Commission. This map was developed by Gunnison and reviewed by the DPU which now recommends its approval.
