Re: Issues list in Docket No. 10-2528-01

Dear Julie:

On March 14, 2011, the Utah Public Service Commission (PSC) issued a Supplement to Notice of Agency Action in Docket No. 10-2528-01. In this notice the PSC listed the issues to be addressed in this proceeding. On March 4, 2011 the Federal Communications Commission (FCC) issued a Notice of Proposed Rulemaking (NPRM) which will address various Lifeline and Linkup issues.<sup>1</sup> The FCC's Lifeline and Linkup rulemaking may be relevant to many of the issues in Docket No.10-2528-01. Qwest recommends that consideration of the FCC Lifeline and Linkup NPRM be added to the Utah issues list.

Additionally, on March 14, 2011 a Notice of Scheduling Conference was issued by the PSC, establishing a scheduling conference for March 28, 2011. As part of the schedule in this proceeding, Qwest recommends that the PSC consider scheduling a technical conference for the parties to hopefully work together to resolve as many issues as possible.

Sincerely,

cc: Service List
