**RE: Citizens Telecommunications Company of Utah
d/b/a Frontier Communications of Utah – VoIP-PSTN Traffic**

Dear Ms. Orchard:

Enclosed please find an original and two copies of Citizens Telecommunications Company of Utah d/b/a Frontier Communications of Utah (Frontier) tariff filing for Commission review and approval.

The purpose of this filing is to introduce Identification and Rating of VoIP-PSTN Traffic. It is important to settle the charges for this traffic as soon as possible after the December 29, 2011 effective date of the FCC's Order 11-161. In addition, given the FCC's settlement of this issue effective December 29, 2011, Frontier views these tariff changes as administrative, because they are specifically permitted by the FCC's Order. Frontier views this tariff filing as a rate decrease, because in Frontier's view the rates currently applicable to the termination of VoIP-originated intrastate interexchange traffic are Frontier's currently effective intrastate switched access charges, which are higher than the interstate access charges that will apply pursuant to the enclosed tariff sheets.

It is respectfully requested that this filing become effective on January 14, 2012.

An additional copy of this filing is also enclosed. Please stamp this copy received and return it in the enclosed stamped, self-addressed envelope.

Please direct any questions or notifications of action taken on this tariff filing to Carl Gipson at (425) 261-6380, or P. O. Box 1003, Everett, WA 98201-1003.

Sincerely,

A handwritten signature in black ink, appearing to read "Carl Gipson".
