**RE: Notification Regarding the Indirect Transfer of Control of CTC  
Communications Corp. to EarthLink, Inc.**

Dear Ms. Orchard:

EarthLink, Inc. (“EarthLink”), One Communications Corp. (“ONE”), and CTC Communications Corp. (“CTC”) (EarthLink, ONE and CTC collectively, the “Parties”), by their undersigned counsel and pursuant to Rule T-13, hereby notify the Utah Public Service Commission (“Commission”) of the transfer of indirect control of CTC to EarthLink.

It is the Parties’ understanding that Commission approval is not required to complete the transactions described herein. Accordingly, the Parties submit this letter for informational purposes only to ensure the continuing accuracy of the Commission’s records. In support, the Parties provide the following information:

**Description of the Parties**

**A. EarthLink, Inc.**

EarthLink is a publicly traded Delaware corporation (NASDAQ: ELNK) with a principal business office at 1375 Peachtree Street, Atlanta, Georgia 30309. EarthLink is a provider of Internet Protocol (IP) and telecommunications infrastructure and services to businesses, enterprise organizations and individual customers across the United States. EarthLink’s Consumer Services segment is an Internet service provider, providing nationwide Internet access and related value-added services to individual and small business customers. EarthLink’s consumer service offerings are narrowband and broadband (high speed) Internet access, search, advertising and VoIP services. EarthLink provides its portfolio of services to approximately 1.5 million customers through a nationwide network of dial-up points of presence and a nationwide broadband footprint. EarthLink’s Business Services segment provides integrated voice, mobile and data services and related value-added services to businesses and communications carriers. EarthLink operates its Business Services segment through its regulated operating companies, including those that operate in Utah as described below. Additional information regarding EarthLink, including its most recent SEC Form 10-Q, as filed with the Securities and Exchange Authority, is available at

A/73621937.1

<http://www.earthlink.net/about/investor/>. A pre-transaction corporate structure chart for EarthLink is provided as part of Exhibit A.

EarthLink has two subsidiaries that operate in Utah: New Edge Network, Inc. (“New Edge”),<sup>1</sup> and DeltaCom, Inc. (“Deltacom”).<sup>2</sup> Through these and its other operating subsidiaries, EarthLink provides traditional and Internet Protocol voice and data services in all 50 states plus the District of Columbia. By virtue of its ownership of New Edge and Deltacom,, EarthLink has demonstrated its qualifications to own and operate telecommunications carriers in Utah.

**B. ONE Communications Corp. and CTC Communications Corp.**

CTC is a wholly-owned subsidiary of One Communications Corp., a privately held Delaware corporation. For the Commission’s reference, a pre-transaction corporate structure chart that includes the various intermediate holding companies and subsidiaries between CTC and ONE is provided as part of Exhibit A. ONE and CTC have their principal corporate offices at 5 Wall Street, Burlington, MA 01803. Through its various operating subsidiaries, including CTC, ONE owns and manages a high-capacity fiber network spanning 18 states across the Northeast, Mid-Atlantic and Upper Midwest, plus the District of Columbia. This fiber network contains approximately nearly 11,000 route miles of fiber to interconnect more than 700 collocation sites. ONE, through CTC and other ONE entities, provides telecommunications services and solutions primarily to small, medium and large size businesses as well as a small number of residential customers.

In Utah, CTC is authorized to provide long distance telecommunications services pursuant to a registration letter filed with the Commission on March 25, 1995. CTC is also authorized by the Federal Communications Commission to provide domestic and international telecommunications services.

---

<sup>1</sup> New Edge is authorized to provide local exchange and interexchange telecommunications services pursuant to authorizations granted in Docket No. 99-2287-01.

<sup>2</sup> Deltacom is authorized to provide long distance telecommunications services pursuant a registration letter filed with the Commission on February 14, 1994.

### Description of the Transaction

Pursuant to the Agreement and Plan of Merger, dated as of December 20, 2010, by and among EarthLink, Egypt Acquisition Corp. ("MergerCo") (an indirect, wholly-owned subsidiary of EarthLink created for purposes of the transaction),<sup>3</sup> ONE and the Stockholder Representative (the "Agreement"),<sup>4</sup> MergerCo will merge with and into ONE, with ONE continuing as the surviving entity (the "Merger"). As a result of the Merger, CTC will become a wholly owned indirect subsidiary of EarthLink. Thus, EarthLink will become the new ultimate parent company of ONE and CTC. Diagrams depicting the Merger and the pre- and post-transaction corporate structures of the companies are appended hereto as Exhibit A.

<sup>3</sup> MergerCo is a wholly-owned direct subsidiary of EarthLink Business Holding Corp., itself a wholly-owned direct subsidiary of EarthLink.

<sup>4</sup> The Agreement is available at <http://ir.earthlink.net/secfiling.cfm?filingID=1104659-10-63575>.

**Public Interest Considerations**

The proposed transaction will serve the public interest by creating one of the largest nationwide competitive communications service providers serving Internet and business customers. The combined company will offer customers a compelling alternative to legacy carriers through the combined footprint of the two companies, a comprehensive suite of Internet and business services, as well as an extensive switching and fiber network. The complementary strengths, product sets, and geographic footprints of the two companies should position EarthLink to realize cost savings and achieve synergies that are expected to strengthen its ability to enhance service offerings and provide more advanced communications services to a broader customer base.

Although EarthLink's acquisition of ONE will result in a change in the ultimate ownership and control of CTC, no transfer of authorization, assets, or customers will occur as a result of the transfer of control. Immediately following consummation of the merger, CTC will continue to provide service to its customers pursuant to its existing authorizations, with no change in the rates or terms and conditions of service as currently provided. The transfer of control will be transparent to customers of CTC in terms of the services they currently receive, and any changes that may occur in the future as to CTC's name or services will be made in accordance with the Commission's rules and procedures.
