Docket No. 11-2541-01

RE: Roman LD, Inc., Initiation of Service Notice

Dear Ms. Orchard:

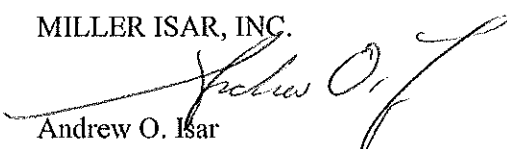

Roman LD, Inc. ("RLD"), by its regulatory consultants, hereby informs the Utah Public Service Commission ("Commission") that effective on or about April 15, 2011, RLD plans to initiate the provision of non-facilities-based interexchange telecommunications services throughout the State of Utah. RLD's services specifically consist of presubscribed interexchange telecommunications services provided to commercial and residential subscribers. RLD maintains full responsibility for its sales and customer service functions. Customer billing is performed under contract by the dominant incumbent local exchange carrier (Qwest Corporation soon to be CenturyLink).

RLD understands that non-facilities based providers are exempt from Division of Public Utilities regulation by definition, pursuant to Chapter 2, Section 54-2-1 (b)(iii) of the Utah Code. The Company would, however, appreciate confirmation from the Commission of RLD's status and has enclosed a self-addressed, postage paid envelope for this purpose.

A RLD overview is attached for the Commission's reference. RLD looks forward to providing service in the State of Utah. Questions concerning this letter may be directed to me.

Sincerely,

MILLER ISAR, INC.
