RE: Central Utah Telephone, Inc. (Central) submits for approval a revised tariff that changes the Emergency Line rate to meet the specified local rate floor adopted in the Federal Communications Commission's (FCC) USF/ICC Transformation Order. Docket No. 12-040-T03

ISSUE:

Central submits for approval a revised tariff that changes the Emergency Line rate to meet the specified local rate floor adopted in the Federal Communications commission's (FCC) USF/ICC transformation Order. This rate change would lower the amount of Central's federal high-cost loop support reductions.

RECOMMENDATION:

The Division has reviewed this modification for any rate increase to base rates that would require a rate hearing and has found none. The Division therefore recommends that the Commission approve this modification in Central's Exchange Tariff to go into effect December 1, 2012.
