RE: Docket No. 12-050-T06 Navajo Communications Company filing to correct the number of Additional Bundle (4 to10) lines to (4 to 12) lines within Frontier Simply Unlimited Service-Leader new Business bundled service.

ISSUE:

Navajo Communications is filing this docket to modify its tariff to correct the number of Additional Bundle (4 to10) lines to (4 to 12) lines in a new bundled service offering for business customers.

This change appears in Section 8 under Bundled Services.

RECOMMENDATION: Approve Tariff Modification

The Division has reviewed this modification for any rate increase to base rates that would require a rate hearing and has found none. The Division therefore recommends that the Commission approve this modification in Navajo Communications' tariff and have it become effective October 28, 2012.

Note: Navajo originally filed for this modification in its letter of September 27, 2012, which corrected the new bundle proposal in Docket No. 12-050-T05. The Division advised Navajo that a new docket number would be required for a proper paper trail when making another tariff change.
