MEMORANDUM

To: Public Service Commission

From: Division of Public Utilities
Chris Parker, Director
Bill Duncan, Telecommunications / Water Manager
Casey J. Coleman, Utility Technical Consultant

Date: August 20, 2012

Re: In the Matter of the Petition of Q Link Wireless LLC for Designation as an Eligible Telecommunications Carrier in the State of Utah per Docket No. 12-2549-01.

RECOMMENDATION:

The Division recommends that the Commission holds a scheduling conference in this Docket.

ISSUES:

On August 14, 2012 Q Link Wireless LLC (“Q Link”) filed with the Commission notice that the FCC had approved their Compliance Plan allowing them to seek approval as an Eligible Telecommunications Carrier (“ETC”). On February 22, 2012 the Commission issued an order staying the petition of Q Link’s request for ETC until a compliance plan had been approved by the FCC. In the Order the Commission stated that a party could file a motion with the Commission explaining the reason why it is necessary to lift the stay. With the acceptance of the Compliance Plan by the FCC of Q Link Wireless, the Division believes the reason for the stay in this Docket is no longer valid and requests the Commission establish a schedule for filing testimony, intervention of interested parties, and hearing dates for this docket.
