## Action Request Response

**To:** Utah Public Service Commission

**From:** Utah Division of Public Utilities

Chris Parker, Director

Artie Powell, Manager

Doug Wheelwright, Utility Technical Consultant Supervisor

Casey J. Coleman, Utility Technical Consultant

**Date:** January 13, 2020

**Re:** **Docket No. 12-2553-01**, In the Matter of the Petition of Telrite Corporation d/b/a/ Life Wireless for Limited Designation as an Eligible Telecommunications Carrier (Acknowledge).

### Recommendation (Acknowledge)

The Commission should acknowledge the proposed changes in broadband data to Telrite Corporation d/b/a Life Wireless' (Telrite) Lifeline offerings in the State of Utah.

### Background

On January 8, 2020 Telrite filed a petition outlining changes to their existing lifeline program. As indicated in the petition, the changes are to comply with the requirements as outlined by the FCC and R746-8-403(2)(A)(ii). Consistent with the FCC's November 19, 2019 Order, Telrite has increased its broadband Lifeline offer to include 3.0 GB of data per month for all new and existing Telrite customers.

The plan offered by Telrite meets the requirements outlined by the FCC to have 3 GB of data. Additionally the Utah requirement of unlimited text messaging and 750 voice minutes has been met, and therefore, the Commission should acknowledge receipt of the notification by Telrite.
