**RE: Skyline Telecom submits for approval a revised tariff that changes the Emergency Line rate to meet the specified local rate floor adopted in the Federal Communications Commission's (FCC) USF/ICC Transformation Order. Docket No. 12-576-T02**

**ISSUE:**

Skyline Telecom submits for approval a revised tariff that changes the Emergency Line rate to meet the specified local rate floor adopted in the Federal Communications Commission's (FCC) USF/ICC transformation Order. This rate change would lower the amount of Skyline Telecom's federal high-cost loop support reductions.

**RECOMMENDATION:**

The Division has reviewed this modification for any rate increase to base rates that would require a rate hearing and has found none. The Division therefore recommends that the Commission approve this modification in Skyline Telecom's Exchange Tariff to go into effect December 1, 2012.
