Re: In the Matter of the Application of Momentum Telecom, Inc. to cancel their Certificate of Public Convenience and Necessity to provide Local Exchange Services in the State of Utah Docket No. 14-2496-01.

RECOMMENDATION (Approval):

The Division of Public Utilities (“Division”) has reviewed the request by Momentum Telecom, Inc. to have their Certificate of Public Convenience and Necessity to provide Local Exchange Services in the State of Utah cancelled and recommends the Public Service Commission (“Commission”) grant this request.

EXPLANATION:

On or about October 20, 2014, Momentum Telecom, Inc. (“Momentum”) filed with the Commission a request to have their Certificate of Public Convenience and Necessity cancelled. The Division has reviewed this request and found the following:

Momentum was issued a certificate to provide telecommunications services in Utah on December 10, 2008 in Docket No. 08-2496-01. Momentum currently provides only VoIP services in the state, which at this time is not a regulated service.

It appears they have complied with the rules for exiting as required under Administrative Rule R746-350.
