2. R746-349-3(A)(2) Proof of bond in the amount of \$100,000

This bond is intended to provide security for customer deposits or other liabilities to telecommunications customers of the Applicant or liabilities to the Utah Public Telecommunications Service Support Fund. Wide Voice does not plan to collect customer deposits or offer any prepaid services in Utah. Moreover, Wide Voice has adequate financial resources to cover any amounts that will be due to the Utah Public Telecommunications Service Support Fund. Wide Voice hereby requests a waiver of this bond requirement.

3. R746-349-3(A)(3) Construction or Acquisition of Facilities

Wide Voice does not currently own property in the State of Utah and does not plan to construct any facilities in the state. Wide Voice will provide services by using its own switching facilities and by leasing switching and transport from other entities. Applicant will interconnect with CenturyLink pursuant to the terms and conditions of an interconnection agreement that will be filed with the Commission in accordance with 47 U.S.C. Section 252.

4. R746-349-3(A)(4) Services to be offered

Wide Voice, LLC, proposes to offer competitive telecommunications service, including exchange access service, within the state of Utah using its own facilities. It may also utilize services available from other facilities-based carriers. Wide Voice will provide service to VoIP-enabled business customers and Telephony Applications providers on a retail, wholesale, carrier level, including PSTN connectivity and intermediate carrier functions. Petitioner will negotiate an interconnection agreement in accordance with 47 U.S.C. Section 252 and applicable rules. The following highlights the Company's facilities:

Line Side Facilities: Wide Voice, LLC will allow retail and wholesale customers to utilize their broadband and dedicated IP services as transport as well as offer resold, lease line side transport services from the incumbent to include analog and digital loops and t-carrier services at the DS1-DS3 level.

Trunk and Interconnect Facilities: Wide Voice, LLC will primarily utilize leased transport services from the incumbent LEC, other CLEC's and CAP's. Wide Voice, LLC may also use private, point to point microwave radio transport in select opportunities and markets. Both transport methods will support Ethernet and t-carrier - DS1 through OC3 capacities.

Switching and Call Routing: Wide Voice, LLC operates a geographically diverse, Class 4 and Class 5 Telephony Services Topology. The network consists of Trunking and Signalling Gateways provided by GenBand with Call Routing, Call Management, Call Feature Service and Border Control by WydeVoice. The network is "VoIP/TDM agile", accepting or providing TDM or VoIP connectivity on both the line and trunk side of the network.
