SCHEDULE NO. AC

RULE NO. 3

CUSTOMERS' REQUIREMENTS FOR SERVICE (continued)

A1 Application for service

Advice letter No. UT-98-01

B1 Requirement of customer

Each applicant for telephone service may be required to sign an application for the service desired, on a form provided by the utility, as a condition precedent to the initial establishment of service.

The application form will generally set forth the following information:

- C1 Date and place of application.
- C2 Location of premises to be served.
- C3 Date applicant will be ready for service.
- C4 Purpose for which service is to be used (business or residence).
- C5 Address to which bills are to be mailed or delivered.
- C6 Whether applicant is the owner or tenant of, or agent for, the premises.
- C7 Service desired class, type, and grade.
- C8 Information for listing in alphabetical and classified telephone directories.
- C9 Such other information as the utility may reasonably require.
- C10 Signature of applicant.

The utility may accept an oral or written application from a customer for additions to or changes in the present service.

Any application is merely a request for service and does not in itself bind the utility to furnish the service except under reasonable conditions as set forth in the tariff schedules, nor does it bind the applicant to take service.

RULE NO. 3

CUSTOMERS' REQUIREMENTS FOR SERVICE (continued)

A2 APPLICATION OF BUSINESS AND RESIDENCE RATES

- B1 Business or residence classification of customer service (as distinguished from public telephone service) is determined by the character of use to be made of the service.
- B2 Service is classified as business service and business rates apply where the use is primarily or substantially of a business, professional, institutional, or otherwise occupational nature, or where the service or any part thereof is furnished at a business location.

- B3 Service is classified as residence service and residence rates apply where the use is primarily or substantially of a social or domestic nature and the business use, if any, is incidental.
- B4 When it is determined that a customer's residence service is primarily or (C) substantially using the service in such a manner that it should be reclassified as (C) business service under the above provisions, the utility will discontinue the service of such customer in the event he refuses to permit his service to be classified as business service and pay applicable business rates.

A3 Obligation to provide service

- B1 The utility's obligation to furnish service is dependent upon its ability to secure and retain without unreasonable expense suitable facilities and rights for the construction and maintenance of the necessary pole lines, circuits, and equipment.
- A4 Termination or Re-origination of Calls Received Over a Data Service

The use of the service to terminate or re-originate calls received over a data service onto the public switched network will be subject to business access line charges as well as feature group A usage charges located in the Company's State and Federal Access Tariffs.

CUSTOMERS' REQUIREMENTS FOR SERVICE (continued)

A5 REESTABLISHMENT OF CREDIT

- B1 A customer whose service has been discontinued for nonpayment of bills will be required to pay any unpaid balance due the utility for the premises for which service is to be restored, and will be required to pay service connection charges as shown in applicable schedule and to reestablish credit by making the deposit prescribed in this Rule before service is restored.
- An applicant who previously has been a customer of the utility and during the last twelve months of the prior service has had service discontinued for nonpayment of bills will be required to pay any unpaid balance due the utility, and will be required to reestablish credit by making the deposit prescribed in this Rule.
- B3 A customer may be required to reestablish credit under provisions set forth herein or by making a deposit in accordance with this Rule, if the conditions of service or basis on which credit was originally established have materially changed.

A6 ADVANCE PAYMENTS

- An applicant for telephone service may be required to pay in advance at the time application for service is made, the service connection charges applicable, together with at least one month's charges for the services, equipment, and facilities applied for, and where necessary, in the opinion of the utility, the estimated amount of construction and installation charges.
- B2 The amount of the advance payment will be credited to the customer's account and applied to any indebtedness under the contract for services, equipment, and facilities furnished, for service connection, move and change charges, and for toll messages.

CUSTOMERS' REQUIREMENTS FOR SERVICE (continued)

A13 GROUNDS FOR REFUSAL OF SERVICE

- B1 A utility may refuse to establish service if any of the following conditions exist:
 - C1 The applicant has an outstanding amount due for former utility services, and the applicant is unwilling to make arrangements with the utility for payment.
 - A condition exists which in the utility's judgment is unsafe or hazardous to the applicant, the general population, or the utility's personnel or facilities.
 - C3 Refusal by the applicant to provide the utility with a deposit when the customer has failed to meet the credit criteria for waiver of deposit requirements.
 - Customer is known to be in violation of the utility's tariffs filed with the Commission or of the Commission's Rules and Regulations.
 - C5 Failure of the customer to furnish such funds, service, equipment, and/or rights-of-way necessary to serve the customer and which have been specified by the utility as a condition for providing service.
 - C6 Service which has been disconnected for nonpayment at the premises will not be reestablished for another applicant, married or otherwise, if the delinquent customer still resides on the premises.

RULE NO. 9

OUTSIDE PLANT FACILITIES AND SERVICE CONNECTIONS

A1 Outside plant facilities

B1 General

- C1 Except as otherwise provided in these rules, the utility will, at its own expense, furnish, install and maintain all facilities necessary to service applicants or customers in accordance with its lawful rates, rules and current construction standards.
- Pole line and buried wire extensions necessary to furnish telephone service will be made by the utility in accordance with the tariff schedules, provided dedicated streets are available, or acceptable easements can be obtained without additional charge or condemnation. Outside plant facility charges are computed in accordance with the regular rates set forth in the tariff schedules and the payment of such charges gives the customer no ownership or control of the extension.
- C3 Except as otherwise provided, the utility may permit the customer to furnish the outside plant facilities in accordance with the construction standards of the utility in lieu of outside plant facility charges, but in all such cases the ownership of the facilities shall be vested in the utility.
- C4 Contracts for the telephone service where outside plant facilities at filed charges is necessary may be required by the utility as a condition incident to the establishment of service, for a period not to exceed three years.
- C5 All outside plant facilities will be owned and maintained by the utility.
- C6 The utility will determine the specific type of construction and route to be used in each particular case.
