Mr. Lee and Ms. Saunders,

Wyndee Hansen, dba Hole N' the Rock, has contacted the Public Service Commission to report that she has recently lost telephone service. I have attached her e-mail for your reference. The e-mail has also been docketed in case 15-041-02.

The Commission requests confirmation that Frontier has complied with the March 17, 2016 order in this docket and upgraded Ms. Hansen's service to the fiber network. The Commission also requests confirmation that Frontier is aware of the current service issue and is taking appropriate steps to correct it.

We look forward to your prompt response.

Thank you,
Jennie T. Jonsson
Administrative Law Judge
Public Service Commission of Utah
