JOINT APPLICATION

Birch Communications, Inc. (“Birch” or “Assignee”) and OrbitCom, Inc. (“OrbitCom” or “Assignor”) (Assignees and Assignor collectively, the “Applicants”) hereby request authority from the Federal Communications Commission (“Commission”) pursuant to Section 214 of the Communications Act of 1934, as amended (the “Act”), 47 U.S.C. § 214, and Sections 1.763, 63.03, 63.04, 63.18, and 63.24(e) of the Commission’s rules, 47 C.F.R. §§ 1.763, 63.03, 63.04, 63.18, and 63.24(e), to assign and/or transfer control of certain OrbitCom assets to Birch,¹ excluding the Commission authorizations held by OrbitCom.

¹ *Amendment of Parts 1 and 63 of the Commission’s Rules*, 22 FCC Rcd 11398, ¶ 38 (2007) (indicating that asset acquisitions should be treated as assignments under the Commission’s international Section 214 rules); *Implementation of Further Streamlining Measures for Domestic Section 214 Authorizations*, 17 FCC Rcd 5517, ¶ 59 (2002) (finding that asset acquisitions should be treated as transfers of control under the Commission’s domestic Section 214 rules).

I. REQUEST FOR STREAMLINED TREATMENT OF APPLICATION

Under Section 63.04(b) of the Commission's rules, the Applicants are filing a combined domestic and international application for the assignment and/or transfer of control of certain OrbitCom assets to Birch. The Applicants respectfully request streamlined treatment of this Application pursuant to Sections 63.03 and 63.12 of the Commission's rules.

This Application is eligible for streamlined processing pursuant to Section 63.03(b)(2) of the Commission's rules because: (1) the proposed transaction will result in Birch having a market share in the interstate interexchange market of less than ten percent (10%); (2) Birch will provide competitive telephone exchange services exclusively in geographic areas served by a dominant local exchange carrier that is not a party to the transaction; and (3) neither the Applicants nor any of their affiliates are regulated as dominant with respect to any service. This Application also qualifies for streamlined treatment under Section 63.12 of the Commission's rules because: (1) Birch is not affiliated with a dominant foreign carrier; (2) as a result of the transaction, Birch will not be affiliated with any foreign carrier; and (3) none of the other scenarios outlined in Section 63.12(c) of the Commission's rules apply.

B. OrbitCom, Inc. (FRN: 0007283187)

OrbitCom is a South Dakota corporation with corporate headquarters at 1701 N. Louise Ave., Sioux Falls, South Dakota, 571071. OrbitCom holds international 214 authority under File No. ITC-ASG-20071204-00483, which approved the assignment of the international 214 authorization of OneEighty Networks, Inc. to OrbitCom (ITC-214-20060616-00320). OrbitCom also is registered to provide interstate telecommunications services.⁸ OrbitCom is a competitive local exchange carrier, and offers or is certified to offer competitive local exchange, intrastate toll, intrastate interexchange, interstate interexchange, international, or data services to residential and business customers in Arizona, Colorado, Idaho, Iowa, Minnesota, Montana, Nebraska, New Mexico, North Dakota, Oregon, South Dakota, Utah, Washington, and Wyoming.

Birch, however, will not assume any of OrbitCom’s pre-closing liabilities or obligations.

requirements. The Birch entity providing services to the affected customers is Ionex Communications North, Inc., which holds domestic 214 authority and operates pursuant to the international 214 authority held by Birch Telecom.⁹ The ownership structure of Birch will not be affected by the Transaction. The assets to be purchased do not include the Commission authorizations held by OrbitCom. Consummation of the Transaction is contingent on, among other things, receipt of all necessary regulatory approvals.

IV. PUBLIC INTEREST STATEMENT

The proposed Transaction furthers the public interest, convenience, and necessity. Approval of the Transaction is in the public interest because it will advance economic efficiency by enabling Birch to expand its own business and achieve economies of scale. These benefits are expected to strengthen Birch's ability to expand its offerings and services to a broader customer base. The Transaction will enable Birch to strengthen its competitive position to the benefit of consumers and the telecommunications marketplace. In addition, the existing customers of OrbitCom will benefit as they will now have access to the expanded service offerings available from Birch.

Furthermore, the Transaction will be conducted in a manner that will be transparent to OrbitCom's current customers. Upon consummation of the Transaction and after completion of the customer transfer, Birch will provide OrbitCom's current customers with the same service quality they have come to expect and all billing will be handled by Birch using the Birch name. OrbitCom's customers will continue to receive the same services that they currently receive without any immediate changes to the service offerings, rates, or terms and conditions. Applicants will also provide prior written notice of the Transaction to current customers as

required by Section 64.1120(e) of the Commission's rules and applicable state customer notice rules.

Finally, the proposed Transaction does not present any anticompetitive issues. After consummation of the Transaction, Birch's total share of the interstate interexchange market will be less than ten percent (10%). In addition, there are many other interexchange carriers operating on a nationwide basis.
