To: psc@utah.gov

Dear Public Service Commission,

Century Link and I have reached an agreement, they have provided assistance in resolving the issues. I believe, I would like to request that this case may be taken off the schedule.

I am very appreciative of the involvement of the commission in this matter, it is very helpful to know that there is a government body such as your office, available to look after complaints such as mine.

Thank you,

Sincerely,
Shahid Janjua
