Effective: 7-1-2018

5. EXCHANGE SERVICES

5.2 LOCAL EXCHANGE SERVICE

5.2.6 LIFELINE ASSISTANCE PROGRAMS

C. Tribal Lands Lifeline Program

3. Terms and Conditions (Cont'd)

b. Tribal Lands Lifeline benefits apply to the primary flat local residential access line, including Extended Area Service (EAS), mileage charges, zone charges, or other non-discretionary charges associated with basic residential service or qualified broadband service. The benefit may not bring the basic local residential access line rate below zero during any month.

c. Customers are limited to one Tribal Lands Lifeline credit per household from the Company, which may be applied towards a qualifying wireline service, broadband service or a bundled voice and data service package. Customers are not eligible to receive a Tribal Lands Lifeline credit from the Company if they receive a Federal Lifeline Program credit for a service provided by another Eligible Telecommunications Carrier or Lifeline Broadband Provider.

4. Monthly Credit

Type of Service	USOC	CREDIT AMOUNT
Flat individual line (1FR) with EAS	ASGFT	Up to \$25.00 ^[1]
Multi-Party line (2FR) with EAS	ASGFW	

^[1] The Tribal Lifeline Credit is up to \$25.00, but shall not result in a rate of less than zero for the service against which the credit is applied. The credit amount is calculated by adding the applicable rates for a flat individual line (1FR) or Multi-Party line (2FR), including Extended Area Service plus other non-discretionary charges for basic residential service and the interstate subscriber line charge. The Federal Lifeline credit specified in 5.2.6.A.4. is subtracted from the total and the remaining difference is the applicable credit amount. (Example, St. George 1FR **\$22.00** + \$1.00 EAS+ \$6.44 = **\$29.44** - \$9.25 = **\$20.19**). Actual credit amounts are as follows:

1FR or 2FR with EAS in Cedar City, Monroe and St. George - **\$20.19**

9. CENTRAL OFFICE SERVICES

9.1 DIAL SWITCHING SYSTEMS

9.1.18 CENTREX *PRIME* SERVICE

D. Standard Service Feature - Description (Cont'd)

The customer assumes full responsibility for the features managed by CMS. The Company will not maintain a separate record of which features are activated on each station line.

CMS software allows the customer to move and change station numbers within their system, the customer will be responsible for labeling the Network Interface when number changes occur. All maintenance calls to the Company in which the trouble proves to be other than on the Company side of the Network Interface will result in the application of Trouble Isolation Charges, as specified in Section 13.2 of the Utah Exchange and Network Services Catalog. The Trouble Isolation Charge will not apply to lines equipped with *UNISTAR* Service or *U S WEST* Repair Coordination Service.

(C)
(C)

All nonrecurring charges for CMS will be applied on a per customer ID basis. Nonrecurring Charges, found elsewhere, do not apply when the customer moves, activates, deactivates, changes features and moves or changes lines through CMS.

An initial Service Establishment Charge will be applied to the first Customer ID. A subsequent System Establishment Charge will be applied to succeeding Customer ID's providing the customer manages all CMS changes from only one central location.

Features added through CMS carry the same recurring rates, nonrecurring charges and system charges as if they were added through the conventional service order process and will be reflected on the customer's bill as such.

If CMS is disconnected, Nonrecurring Charges, as specified elsewhere, will apply per line for all changes or rearrangements to system features.

If the customer moves their Centrex *PRIME* system from one CO to another, and station line number changes are involved, a subsequent installation charge to reestablish the CMS data base will apply.

109. OBSOLETE CENTRAL OFFICE SERVICES

109.1 DIAL SWITCHING SYSTEMS

109.1.16 CENTREX PLUS SERVICE

F.7.c. (Cont'd)

The customer assumes full responsibility for the features managed by CMS. The Company will not maintain a separate record of which features are activated on each station line.

CMS software allows the customer to move and change station numbers within their system, the customer will be responsible for labeling the Network Interface when number changes occur. All maintenance calls to the Company in which the trouble proves to be other than on the Company side of the Network Interface will result in the application of Trouble Isolation Charges, as specified in Section 13.2 of the Utah Exchange and Network Services Catalog. The Trouble Isolation Charge will not apply to lines equipped with *UNISTAR* Service or *US WEST* Repair Coordination Service.

(C)
(C)

d. Rates and Charges

All nonrecurring charges for CMS will be applied on a per common block system basis. Nonrecurring Charges, found elsewhere in this section, do not apply when the customer moves, activates, deactivates, changes features and moves or changes lines through CMS.

An initial Service Establishment Charge will be applied to the first Customer ID. A subsequent System Establishment Charge will be applied to succeeding Customer ID's providing the customer manages all CMS changes from only one central location.

Features added through CMS carry the same recurring rates, nonrecurring charges and system charges as if they were added through the conventional service order process and will be reflected on the customer's bill as such.

If CMS is disconnected, Nonrecurring Charges, as specified elsewhere, will apply per line for all changes or rearrangements to system features.

If the customer moves their Centrex Plus system from one CO to another, and station line number changes are involved, a subsequent installation charge to reestablish the CMS data base will apply.
