Re: **Docket No. 20-2609-01**, Commnet Four Corners, LLC. – Annual ETC Certification

Recommendation (No Action)

The Division of Public Utilities (DPU) recommends that the Public Service Commission (Commission) take no action at this time. The DPU will include Commnet Four Corners, LLC (Commnet) in the annual review of eligibility for Federal universal service support.

Discussion

On July 14, 2021, the Commission received a request from Commnet for 2022 Annual Eligible Telecommunications Carrier (ETC) Certification. The DPU reviews the eligibility of each ETC who petitions for certification to receive Federal universal service support according to Title 47 U.S. Code § 254(e). The DPU completes the review and reports to the Commission by September 1st of each year. Commnet will be included in that review and in the report to the Commission.

Conclusion

The Division will include Commnet in the annual review for federal universal service support and report to the Commission by September 1, 2021.
