On or about March 03, 2022, GC Pivotal and GTT Communications notified the Commission of a transaction, which will result in an indirect transfer of control of GC Pivotal.

GC Pivotal is a Delaware limited liability company, headquartered at 7900 Tysons One Place, Suite 1450, McLean, Virginia 22102. It received authorization to provide public telecommunications services in the State of Utah by the Commission on April 20, 2021, Docket No. 11-2539-01.

GTT Communications is a Delaware corporation with no majority stockholder. GTT Communications, through its subsidiaries, including GC Pivotal, is a global provider of cloud networking services. GTT Communications is the parent company of GC Pivotal.

The plan will result in a change in ownership of reorganized GTT Communications and subsequently the indirect transfer of control of its subsidiaries, including GC Pivotal.

The Applicants submit that the transaction described herein will serve the public interest and that the implementation of the plan is expected to improve the debtors' financial and operational status to the benefit of their customers and other stakeholders by allowing the debtors to restructure their consolidated balance sheet and reduce their outstanding debt while continuing to operate and provide service to their customers, including customers in Utah.

The Applicants further submit that the transaction will be conducted in a manner that will be largely transparent to their customers. The transaction will not result in a change of carrier for customers or any assignment of authorizations, and in no event will it result in the discontinuance, reduction, loss, or impairment of service to customers.

## **Conclusion**

The Division has reviewed the notice filed by the Applicants for the indirect transfer of control and concludes that the Applicants are in compliance with Commission Rule R746-349-7 and have provided reasonable documentation.

The Division recommends the Commission acknowledge this notice.
