Re: Docket No. 25-049-T01 - Qwest Corporation d/b/a CenturyLink QC's Proposed
Tariff Revisions

Dear Ms. Hazlett,

The Public Service Commission (PSC) reviewed Qwest Corporation d/b/a CenturyLink QC's ("CenturyLink") Proposed Tariff Revisions (the "Tariff Revisions") filed on June 6, 2025 (the "Filing"). CenturyLink states that it will no longer provide adjusted rates for Shared Use arrangements, effective June 15, 2025.

The PSC also reviewed the comments filed by the Division of Public Utilities (DPU) on June 17, 2025. DPU comments that CenturyLink has filed a revised price list with the PSC in Docket No. 25-049-P03 for the same price changes, effective June 11, 2025, and that the Filing seeks to align the tariff sheet with the effective price list. DPU notes that Utah Code § 54-8b-2.3 grants a telecommunications corporation pricing flexibility if it complies with the statutory requirements and CenturyLink was granted pricing flexibility in various prior dockets. DPU states through telephone discussions with CenturyLink, it learned that five customers have shared use arrangements that would be impacted by the Filing and explained that the change would likely result in an increase in customers' annual payments while providing no change in service. DPU further states that these customers would continue to have shared use service but they would be required to pay the increased private line rate. DPU indicates CenturyLink's filing in Docket No. 25-049-P03 complies with statutory requirements and recommends the PSC acknowledge the Filing as submitted.

Based on the PSC's review of the Filing, DPU's comments and recommendations, the PSC has determined that the Tariff Revisions have been properly addressed in Docket No. 25-049-P03. The PSC acknowledges the Filing as submitted.

/s/ Gary L. Widerburg
