Dear Ms. Springer:

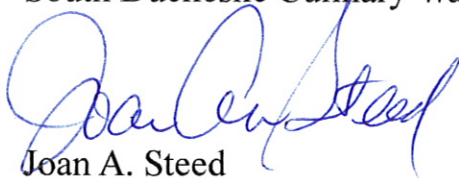

As you are aware, you notified us on Wednesday afternoon at approximately 4pm that our company would be required to submit an application for the expansion of our water system by implementing a 300,000 storage tank in 2006. We apologize if we have not filed the proper paperwork in a specified time to another department. The Division of Drinking Water has all information having to do with this water system. We have made every attempt to comply with your request at such a late notice. We were unable to fax maps etc. which is why we are sending the attachments US Mail.

If there is additional information you may need, please do not hesitate to call...435-738-6400. We will be out of town June 15-June 23, 2008.

I appreciate your consideration and your help, due to such little time to answer your response. As you know I did not receive the application from you by e-mail until Thursday, June 12, 2008.

Sincerely,

South Duchesne Culinary Water, Inc.
