*RE: Revised Tariff North Fork Water Company*

Dear Ron:

Please find enclosed the revised Tariff for the North Fork Water Company. The Tariff has been revised to conform to the proposed Order issued by the administrative law Judge today clarifying that commercial connections will be charged a monthly use rate at twice that of residential connections. Thus, the use rate for residential units remains at \$52.00 per month and the use rate for commercial connections is \$104.00 per month.

Sincerely,
