

Jennifer Joy - Docket No. 09-2179-01

From:
To: <jwatts@utah.gov>
Date: 3/9/2010 2:47 PM
Subject: Docket No. 09-2179-01

To Whom It May Concern:

As a property owner in Pine Valley, UT) and a customer of P.V.I.C., we are writing about the proposed special assessment to pay for the new improved water line installed in 2009. A one time reasonable assessment and a rate increase of 10-15% would be acceptable.

During the winter at least 90% of property owners pay the flat rate for at least six months of the year with no water use.

We appreciate the Public Service Commission taking our comments into consideration.

Sincerely,

Raymond and Elaine Lindblom
