RECEIVED

Regarding: Docket #09-2179-01

Pine Valley Irrigation Co

Proposal To Assess AND INCREASE  
present WATER RATES.

In appreciation of the many years of excellent  
water & good service I want to say Thank you!

However, the above proposal, to assess the  
water comes at a time of economic problems.  
also, no know figure has been set forth for  
approval.

The rate increase for monthly water usage  
of 46% is totally unexemptable.

Presenting the accurate rate & increases  
properly by P.V. Irrigation Co will facilitate the  
decision reached by Pine Valley Residents.

Sincerely,

Rita M Squillante
