THIS WATER WELL PURCHASE AGREEMENT (hereinafter "Agreement") is made and entered into as of the 5<sup>th</sup> day of March, 2010, by and between Tremonton City, a body corporate and politic of the state of Utah, (the "Buyer"), and David Z. Thompson (the "Seller"), and the Cedar Ridge Water Company.

**RECITALS:**

A. Seller is the current owner of record of the Sixteen Inch (16") Cedar Ridge Water Well and possesses the exclusive operational rights to the same Water Well located in or near Deweyville, Utah, which currently services the Cedar Ridge Subdivision.

B. Buyer desires to purchase the Water Well and the exclusive operational right to the Water Well to provide culinary water for the residents of Tremonton City.

C. Buyer and Seller have reached an understanding as to the terms of their Agreement relative to the purchase of the Water Well and the exclusive operational right to the Water Well subject hereof and wish to memorialize the same as set forth below.

NOW, THEREFORE, in consideration of the above promises, the mutual covenants and consideration hereinafter set forth and other good and valuable consideration, Buyer and Seller agree as follows:

**ARTICLE I**  
**WATER WELL TO BE PURCHASED**

1.01 Water Well Purchase. Seller hereby agrees to sell, transfer and convey to Buyer, free and clear of any lien or encumbrance, and Buyer hereby agrees to purchase the Sixteen Inch (16") Water Well (Hereinafter "Water Well"), related facilities, and the exclusive operational rights to the Water Well of Seller, which Water Well is more particularly and legally described in Exhibit "A" of this Agreement.

A. Buyer's obligation to purchase the Water Well is expressly conditional upon Buyer's ability to obtain necessary and required permits from any governing state agency, Buyer's ability to procure all necessary easements to transport and pipe the water so produced to Buyer's water system at a delivery point defined in Exhibit "B" of this Agreement, Buyer's ability to obtain the necessary water rights from the State of Utah, and any other currently foreseeable conditions, which would inhibit Buyer's ability to use the Water Well for its intended purpose of providing culinary water to the residents of Tremonton City. In the event that any such condition mentioned in Section 1.01(A) of the Agreement is not met, by July 31, 2010, upon Buyer's sole determination, the Agreement, in whole or in part, may be made void.

1. Should the Buyer choose to void the Agreement, Buyer hereby agrees to return all of Seller's property to the state it was in as of January 1, 2010.

1.02 Delivery of Easement to Water Well. At execution of the Agreement, Seller shall deliver to Buyer a clean and unencumbered easement to the Water Well and its surrounding geographic area, described in Exhibit "C" to this Agreement.

1.03 Liabilities Not Assumed. Buyer does not nor shall it be construed as having assumed any liability or obligation of Seller, including but not limited to taxes or other charges applicable, imposed upon or arising out of the transfer of the Water Well subject to this Agreement, any product liability relating to the Water Well sold or repaired by Seller prior to execution of the Agreement, any costs, any obligations or debts incurred by or through Seller, or any obligations or liabilities of Seller with Water Well suppliers, users, customers, or other third parties, incurred prior to the date of this Agreement. Seller agrees to indemnify and hold Buyer harmless from and against any and all claims, causes of action, losses, liability and/or damages (including attorney's fees and costs) relating to any liability or obligation of Seller, incurred prior to the date of this Agreement. Seller's obligations under this Section 1.03 shall not extend to any of the debts or obligations incurred by Buyer, whether incurred prior or subsequent to this Agreement.

## **ARTICLE III**

### **TERMS ASSOCIATED WITH WATER SERVICE TO CEDAR RIDGE WATER COMPANY**

3.01 Cedar Ridge Water Company Service. Buyer hereby agrees to provide water and water service from the Water Well to the Cedar Ridge Water Company. Said water will be piped to the Cedar Ridge Water Company water facilities. Buyer shall own and maintain the pipeline from the Water Well to the Cedar Ridge Water Facilities (See Exhibit "D"). Seller will then use the water piped to Cedar Ridge Water Company facilities to distribute water to the customers of the water company.

A. Buyer will install, provide, and bear the financial obligation of a direct pipeline from the Water Well to the aforementioned water facilities located on Seller's property at the Delivery Point described in Exhibit "D".

B. Buyer will install, provide, and bear the financial obligation of a water meter for the direct pipeline referenced in Section 3.01(A) of the Agreement. Said meter will be used to determine the amount of water usage by the Cedar Ridge Water Company.

C. Buyer will charge a water usage rate to the Cedar Ridge Water Company based on the amount of water used, as measured by the installed water meter. The rate at which Buyer shall charge the Cedar Ridge Water Company shall be based on a prorated share of the operations and maintenance costs, including any electricity costs associated with the pumping of the water to the Seller's private water facilities. Buyer shall reserve the right to amend water usage charges to the Cedar Ridge Water Company, as needed, and to be determined by the costs associated with operation, maintenance, any Cedar Ridge Water Company water use in excess of its allotted water rights, and electricity of the Water Well attributed to providing water to the Cedar Ridge Water Company. Any increases in water charges by Buyer shall be preceded by written notice to Seller at least thirty (30) days prior to the rate increase.

1. Notice as required in Section 3.01(C), shall be sent by Buyer to Seller, at the following address:

David Z. Thompson  
12435 North Hillcrest Drive  
Deweyville, Utah 84309

2. Section 3.01(C) shall survive after the execution of the Agreement and the aforementioned date of July 31, 2010. Additionally, other agreements may be created to further define the terms and relationship between Buyer and the Cedar Ridge Water Company.

D. Buyer will continue to operate the well and provide the Cedar Ridge Water Company its allotment of water. In the event that the subject well loses sufficient water production to provide water for Tremonton City and the Cedar Ridge Water Company, the parties hereby agree to form a joint venture, including joint financial obligations, to seek alternative sources of water production.

3.02 Limitations on Use and Scope of Cedar Ridge Water Company. Future use of the delivered water by the Cedar Ridge Water Company shall be limited to residential customers only. Excepting those instances of commercial use described in Section 3.03(C), The Cedar Ridge Water Company is strictly prohibited from providing future water service to any commercial, industrial, agricultural, or otherwise non-residential customer or client.

3.03 Cedar Ridge Water Company Maximum Connection. The Cedar Ridge Water Company shall be limited to the existing thirty-three (33) water connections and a maximum of fifty-six (56) future water connections. Said connection maximum of Eighty-Nine (89) total connections and Ninety (90) Equivalent Residential Units (hereinafter "ERU") shall include future residences of the Cedar Ridge Subdivision, subsequent and additional phases of the Cedar

Ridge Subdivision, and the real property (Parcels No. 05-020-0008 and 05-020-0012), or any subdivision thereof.

A. For purposes of the Agreement, a "connection" shall be limited to a single family residence, indoor and outdoor water requirements, as the quantity set forth by the Utah Division of Water Rights and the Utah Division of Drinking Water, for indoor water use, animal rights and an irrigated subdivision lot, which will then be set as the equivalent of a Cedar Ridge ERU. Any multi-family residences shall require a separate "connection" for each unit, all of which shall count against the fifty-six (56) connection maximum.

B. Six (6) residential connections shall be allotted to Seller's real property (Parcels No. 05-020-0008 and 05-020-0012), or any subdivision thereof, and shall count against the total maximum of fifty-six (56) residential water connections for the Cedar Ridge Water Company. Said six (6) residential connections from the Cedar Ridge Water Company allotment shall serve as consideration for a subsequent and separate easement agreement, in which there shall be no compensation from the Buyer for the acquisition of the Tremonton City Pipeline easement, by and between Tremonton City, Jon Z. Thompson and McAlden Thompson.

C. At execution of the Agreement there are thirty-two (32) residential water users and one (1) commercial water user to be supplied by Cedar Ridge Water Company. Seller hereby agrees that the commercial water connection shall never use water in excess of two (2) Cedar Ridge ERUs.

3.04 Forfeiture of Unused Connections. Any future, residential water connection to be supplied by Cedar Ridge Water Company in excess of those specifically contemplated and enumerated in section 3.03 of the Agreement, and not to exceed fifty-six total residential water connections, shall be forfeited by Seller if the residential lots associated with the future water connections are not approved by the governmental entity having jurisdiction and recorded in the Office of the Recorder for the County of Box Elder by July 31, 2025.

3.05 Water Rights Requirements. The Cedar Ridge Water Company shall maintain and/or obtain sufficient water rights to allow Buyer to pump the required water for delivery to the Cedar Ridge Water Company for the existing and future residential water connections serviced by the Cedar Ridge Water Company. Buyer's obligation to provide water to the Cedar Ridge Water Company is contingent upon Cedar Ridge Water Company's maintaining sufficient water rights.

3.06 Water Source Protection. Seller shall record appropriate easements and in the form of Covenants, Conditions, and Restrictions, a water source protection restrictive covenant to provide notice to current and future customers of the Cedar Ridge Water Company of Buyer's ownership interest in the subject Water Well and the restriction on use within the water source protection zone in favor of Buyer.

**ARTICLE IV**  
**OBLIGATIONS, REPRESENTATIONS AND WARRANTIES OF SELLER**

4.04 Exclusive Ownership of Water Well and Absence of Liens. Seller has exclusive ownership to all of the Water Well, free and clear of any liens, encumbrances, mortgages, lease equities, claims, covenants and restrictions.

4.07 No Adverse Proceedings. There are no legal, administrative or other proceedings involving the Water Well or to which the Water Well may be subject.

4.08 No Protest. Seller hereby agrees to refrain from any protest, formal or informal, to Buyer's application for additional water rights from the State of Utah.

**ARTICLE V**

**ARTICLE VII**  
**INDEMNIFICATION**

7.01 Indemnification of Buyer by Seller. Buyer and Seller agree that Buyer assumes no liabilities, of whatsoever nature, of Seller. In this respect, Seller agrees to indemnify and hold Buyer harmless from and against all claims, causes of action and damages (including attorney's fees and costs) relating to any acts or omissions of Seller, its employees and/or agents or relating to or arising from the Water Well before execution of the Agreement.
