Hi Lori - I was able to find where an order was issued to withdraw and close the docket on the order to show cause, because he was willing to complete the necessary paper but never did. I think this may have been because of change in staff in the Division of Public Utilities and the ball was dropped. This was before I joined the Division. I am finding there were a number of these that have not complied. I wish I could find the file with all of the companies in it.

I was able to speak with David right away. The girl in the office (I did not write down her name) gave me his cell phone so I was able to talk with him directly and he agreed to complete the necessary paperwork. He gave me his email address to send him the application and paperwork necessary to receive the certificate and get the rates approved, which we will analysis to determine if they are just and reasonable.

The old case, or docket, has been closed, but his application will open a new docket, which will be 10-2423-01 when it is assigned and processed in 2010. You can follow it on the PSC's website and have information sent to you via email anytime information if filed.

Thank you for bring this information to our attention!

Thank you! Were you able to speak with David? Was he willing to come into compliance and fill out the paperwork?

Can the old case just continue based on the former complaint by the Division of Drinking Water?

Again, thanks for your help.
