Hello Shauna

Connie asked me to send you an email stating the steps we have taken so far for all of the members of BKRC.

1. I and another board member meet with the water operator this morning to go over the well, pump and workings of the water system here in the sub division. All keys have been turned over to Boulder Farmstead
2. A letter was sent out to all members stating that the change merger has gone through and that they need to turn in the water certificates to Boulder farmstead with directions on how to do this properly. The billing will first start on the 20th of December and will continue on a monthly basis.

As far as I know we have done everything that we have asked to do for the BKRC water co. to complete this merger. I was a member of the board on the BKRC and am now on the board of the Boulder Farmstead water co.

If you have any questions please feel free to call or write.

Thank you
