Mr. Widerburg,

On December 13, 2012 a Technical Memorandum was added to Docket No. 12-2443-01. The intention of filing this memorandum was to supply backup for a request to add a Fire Service User Fee as a supplement to the existing WaterPro Rate Case. No explanation was provided with the memorandum so it was added to the docket as technical information to them without a specific purpose.

I am writing this letter as an explanation and formal request to supplement a Fire Service User Fees to the existing WaterPro Rate Case and use the technical memorandum submitted as backup for this request.

The information below represents the current Fire Service User Fee and the Proposed Fire Service User Fee to be added as a supplement to WaterPros existing rate case.
