Dear Mr. Olsen,

The Utah Public Service Commission received your email regarding the summary and history of the meter readings at Eagles Landing Water Company. Our assumption is that this is in regards to the Report and Order on Docket No. 13-2477-02 dated March 6, 2014. As per that Order, page 17, second paragraph, it states, "...unless the Company can demonstrate to the Division within 30 days of this order that a given customer's average monthly usage exceeded 10,000 gallons..." Your communication must be with the Division on this matter. Please email Bill Duncan of the Division of Public Utilities at wduncan@utah.gov with any information you may need to submit per the Order's direction. Further, we did not receive an attachment with the email, and so are unable to forward your communication to the Division ourselves.

Respectfully,

Laurie Harris Wirz  
Public Service Commission of Utah
