Richard Campbell

Chairman, Utah Public Service Commission
Heber Wells Building
160 East 300 South
Salt Lake City, UT 84111

May 18, 2004

Dear Chairman Campbell,

I am writing to respectfully encourage the public service commission to be mindful of legislative intent and concepts of fair play in its dealings with power generation and transmission firms.

As we progress into this next century, our need for reliable and affordable energy will require collaborative efforts between existing firms and new independent producers and co-generators.

It will be especially helpful to all of the citizens of Utah if independent producers are given full opportunity to help fill our upcoming needs with a strong eye towards fairness and equal opportunity for success.

Thank you for your service to the citizens of Utah.

Best wishes,

Ron Allen
