Subject: 002197441

Please find attached a copy of your 11/21/02 overlash attachment request. This request is approved with the following changes:

1. "No Pole #" listed on page one of your request - our field has determined to be #142002.
2. The first "No Pole #" listed on page two of your request - our field has determined to be #233905.
3. The second "No Pole #" listed on page two of your request - our field was unable to locate a pole between #143006 and #144007. Therefore, this attachment is not approved. If you have further information to validate this pole, please advise me as soon as possible and we will investigate further.

Per your 3/13/03 fax, pole numbers 142001, 145006, 145005 and 145010 are double overlash attachments.

Please advise me, as soon as possible, if you do not agree with these changes to your request.

Thank you.

Please find attached a copy of the above-referenced Notice for overlash attachments. In my initial review I find that three of the poles listed in this notice are also in a different pending overlash attachment request. Your Notice dated 11/21/02 (002196767). At this point I have not tried to verify the pole listed in the 3/3/03 Notice as "No Pole #".

I feel that this is a duplicate request. Please advise me if you agree with this finding and how you would like me to proceed with this request.

Please find attached a copy of your overlash attachment request dated 1/24/03. I find that pole numbers 190002 and 190003 are duplicate to an overlash attachment request dated 12/2/02. There is also a pole listed on the 12/2/02 application without a pole number in between these two poles. Please advise me whether the pole on the attached application listed as "no pole #" is the same pole listed on the 12/2/02 application as "no pole #".

I find that pole number 300904 is a duplication to this pole number on a 12/3/02 overlash attachment application dated 12/3/02.

If you feel this is not accurate, please let me know and I will investigate this further. Also, please advise me whether the "no pole #" poles are the same pole.

If you require further information or have any questions, please call me directly at (503) 813-7155. Thank you.
