From: Division of Public Utilities

Date: May 10, 2004

Subject: Schedule 37, Docket No. 03-035-T10
Proposed Payment Factors

In its memo dated April 6, 2004 the division proposed an adjustment to the payment factors used by PacifiCorp in calculating the avoided cost rates for Schedule 37. The Division stands by its recommendation, however, the proposed payment factors on page 10 of that memo are incorrect. The actual proposed payment factors should be respectively for the SCCT and CCCT 9.69% and 8.71% (instead of 9.45% and 8.49%).

As indicated in the Division's original memo, the proposed change in the payment factors does not materially affect the avoided cost calculations in Schedule 37.
