SUBJECT: In the Matter of PacifiCorp's Compliance Filing, Docket No. 03-2035-02

On February 10, 2004, in accordance with the Commission's Order in Docket No. 03-2035-02, dated January 30, 2004, PacifiCorp (d.b.a. Utah Power & Light Company) filed compliance tariffs. The Division has reviewed these tariffs and finds them to be in compliance with terms and conditions of the Revenue Spread and Rate Design Stipulation approved by the Commission in and attached as Appendix II to the January 30, 2004 Order, with two exceptions. On Electric Service Schedule No. 2, Original Sheet No. 2.2, the On-Peak hours should be 1:00 p.m. to 8:00 p.m. On General Service – Distribution Voltage, Original Sheet No. 6.1 the Power Charge for billing months May through September should be \$10.66 per kW and for billing months October through April should be \$8.56 per kW. The Company has filed corrected sheets reflecting these changes. Thus, the Division recommends the tariffs be approved as filed with the corrections.
