Seller shall be deemed to have satisfied itself, through its own due diligence efforts and not based on any representation of Buyer or employees or agents thereof (except as set forth in this Section), as to the nature and location of the Work, the general, local, physical and other conditions of the Work, and all other matters which could in any way affect the Work or the cost thereof under this Agreement. Without limiting the foregoing, Seller shall be deemed to have inspected the Site and to have satisfied itself as to the state and condition (including but not limited to ground, geological, climatic and hydrological condition) of all circumstances affecting the Site (including but not limited to any ~~reasonable and all~~ safety regulations of Buyer or otherwise applicable to the Work and the project) and to have examined any documentation and information supplied or made available to Seller by Buyer or available for inspection in the public domain, the conditions and/or the Specification (with such drawings, exhibits, plans and information as may be annexed thereto or referred to therein) and to have satisfied itself as to the feasibility of executing the Work at the Site. Seller shall be responsible for its own interpretation of such documentation and information. The failure of Seller to adequately investigate and acquaint itself with any

applicable conditions and other matters shall not relieve Seller from the responsibility for properly estimating the difficulties and costs of successfully performing the Work and completing this Agreement, and shall not be grounds for adjusting either the Purchase Price or the schedule agreed in this Agreement.

(ii) Underground Obstructions. Without prejudicing or limiting the provisions of the preceding paragraph (b)(i) or of Section 10.1 (“Project Schedule”), Seller shall be responsible for ascertaining the location of and avoiding damage to all underground installations including without limitation cable, gas, water pipes, telephone lines, and other underground installations, whether the location of the excavation, digging, or trenching required for performance of the Work is fixed by Buyer or by Seller. Seller shall be responsible for all delays, costs, loss and/or expense arising, whether directly or indirectly, from any ground conditions or artificial obstructions or hazards (excluding hazardous materials encountered by Seller during the execution of the Work) including any Work underground or involving excavation that Seller should have been made reasonably aware of based on information available and Seller shall not be entitled to any additional Cost, any extension to the Time for Completion or any increase in the Purchase Price as a result thereof.

(iii) Surveying. Seller is responsible for performing, and shall include in its pricing, all construction layout surveying required for execution of the Work. Seller shall be held responsible for preserving all established project control monuments unless their removal is requested by Seller and authorized in writing by Buyer. Any costs incurred by Buyer to reestablish control monuments destroyed by Seller shall be borne by Seller.

(iv) Responsibility for Information. Seller shall be responsible for any misunderstanding or incorrect information in connection with the Site (excluding information provided by Buyer or its representative prior to the date of commencement of the Work unless such information could reasonably be verified by Seller).

Without prejudice to the foregoing, Seller shall notify Buyer’s Representative of its intention to incorporate any existing foundations, structures, Work, equipment or materials into the Work other than those specifically identified in the Agreement as soon as is practicable and seek the prior written consent of Buyer’s Representative to the use or utilization thereof, which consent may be withheld in the sole discretion of Buyer’s Representative.

Section 2.3 Closing

(a) Closing Date, Place and Time. The closing (the “Closing”) of the sale and purchase of the Project shall take place at _____, local time, on the first Business Day after Notice of Final Acceptance has been issued pursuant to Section 20.8 (“Notice of Final Acceptance of Work”), at Buyer’s offices in Salt Lake City, Utah, or at such other time and date as the Parties shall designate in writing (such time and date, the “Closing Date”).

(b) Purchase Price Calculation. At least thirty (30) days prior to the Closing Date, Seller shall submit to Buyer a detailed calculation setting forth the Purchase Price, as the same may have been adjusted pursuant to Change Orders, if any, together with supporting documents used by Seller in calculating the Purchase Price, including an allocation of the Purchase Price not yet paid and such other documents reasonably requested by Buyer to support the calculation. At least fifteen (15) days prior to Closing Buyer shall notify Seller of any disputed amounts included in Seller's calculation of the Purchase Price. Within five (5) days prior to Closing Seller shall (a) notify Buyer of any disputes Seller may have regarding Buyer's challenges to amounts, and (b) provide a revised calculation with supporting documents showing agreed changes to the initial calculation statement. Any disputes remaining after such exchange shall be submitted for dispute resolution as set forth in article 32 ("Claims, Claim Notice and Dispute Resolution").

(c) Payment of Purchase Price. At the Closing, Buyer shall pay the Purchase Price, calculated in accordance with Section 2.3(b) ("Purchase Price Calculation"), less two times the amount (if any) then in dispute, in immediately available funds, via wire transfer to an account designated by Seller on or prior to the Closing Date.

Section 2.4 Assumption of Liabilities

Except as otherwise expressly provided herein, Buyer is not assuming, and will not assume, any present or future debt, liability or obligation of Seller, whether known or unknown, fixed or contingent. Seller agrees to indemnify and hold Buyer harmless against all present and future debts, claims, liabilities and obligations of Seller, its Contractor and Subcontractors.

Section 2.5 Further Assurances

From time to time after the Closing Date, Seller shall, at the request of Buyer but without further consideration, promptly execute and deliver to Buyer such other agreements, certificates and further instruments of sale, assignment, transfer and conveyance and take such other and further actions as Buyer may reasonably request in order to vest in Buyer or its assigns and put Buyer or its assigns in possession of the Project and to carry out and implement the transactions contemplated herein, including any financing arrangements of Buyer.

Seller as to whether Buyer disputes any portion of the Notice of Request for Progress Payment due to the failure of Seller (or the Contractor or any Subcontractor) to complete the Work covered by such Notice of Request for Progress Payment, and Buyer may withhold such portion of due under Seller's invoice in the amount reasonably necessary to complete such portion of the Work in accordance with Seller's Notice of Request for Progress Payment and this Agreement.

(ii) Upon receipt of a notice from Buyer that the Notice of Request for Progress Payment is deficient, Seller shall promptly take any and all reasonable steps available to remedy any condition identified by Buyer leading to such claim of deficiency. Subject to a mutually agreed upon resolution of such claim of deficiency or a final determination of a court, payment of the disputed portion of Seller's invoice shall be made by Buyer within ten (10) Business Days following the date of such agreement or determination. The determinations made by Buyer pursuant to this Section 3.3(d) and Section 3.2(j) are solely for the purpose of determining whether to pay a Progress Payment, and such determinations shall not prevent Buyer from subsequently asserting that Seller, a Contractor, or any Subcontractor failed to perform its obligations under a Transaction Document, nor shall such determinations be used as evidence that Seller, the Contractor, or any Subcontractor performed such obligations.

(e) A NOTICE OF REQUEST FOR PROGRESS PAYMENT THAT DOES NOT MEET THE REQUIREMENTS OF THIS SECTION MAY RESULT IN A PAYMENT DELAY.

CHANGE ORDERS

Section 13.1 Changes

- (a) From time to time circumstances may arise which justify a Change.
- (b) No Change shall be effective unless authorized by Buyer by issuance of a Change Order pursuant to the provisions of this article 13.
- (c) Buyer shall, when reviewing each potential Change and determining the nature and extent of any Change Order which is to be granted in accordance with the subsequent paragraphs of this Article, consider in detail the following information:

(i) The nature, scope and extent of the Change, including but not limited to any additions or deletions from the Scope of Work;

(ii) The effect, if any, of the Change on the Project Schedule or on the Guaranteed Substantial Completion Date(s), as applicable;

(iii) The effect, if any, of the Change on the amount the Purchase Price; provided, however, that in no event shall the amount of the Purchase Price be subject to change for any Change that does not constitute a material change in the Scope of Work requested by Buyer; and

(iv) Such other information as may reasonably be necessary for the implementation of the Change Order, including but not limited to the effect on any other provisions hereof which may be impacted by the Change.

Buyer shall, in the case of an Buyer-Initiated Change or, if it elects to do so, in the case of Seller Initiated Changes, and in all events in the case of Required Changes, thereafter issue such Change Order having regard to all such circumstances as is just and equitable and in a form substantially similar to the Change Order Form attached hereto as Exhibit D-1 which shall address, to the extent required, all of the issues set out in this Section 13.1(c).

(d) In the case of any request for a Change Order which is permitted to be made in accordance with this Agreement, it shall take the form of a Change Order Request (each a "Change Order Request") which shall be delivered to Buyer in writing as soon as possible and in any event within ten (10) days after Seller becomes aware of the circumstances which it believes (or through the exercise of Best Recognized Practice should believe) necessitates a Change. In no case shall Seller be entitled to recover costs as a Change Order in connection with conditions that give rise to such Change Order arising prior the date on which Seller requests the Change Order, except to the extent that such costs are incurred reasonably and properly in order to achieve the Substantial Completion Date. Any Change Order Request shall be in a form substantially similar to the Form of Change Order Request attached hereto as Exhibit D-2 and comprising the following information: (a) the factors necessitating or the basis for the Change; (b) the impact, if any, which the proposed Change is likely to have on the Purchase Price; (c) the impact, if any, which the proposed Change is likely to have on the Project Schedule (including the Guaranteed Substantial Completion Date); (d) other impacted provisions hereof; and (e) such other information which Buyer may reasonably request in connection with such proposed Change.

(e) The issuance of a Change Order shall not result in invalidation of this Agreement.

(f) Except with respect to a Buyer Initiated Change, as to which the disregarded amount shall be \$25,000, no circumstances will constitute grounds for a Required Change Order or a Seller Initiated Change Order unless and to the extent that (i) the costs of such Change Order, in either case, is in excess of \$5,000, or (ii) the effect of such Change Order request impairs the achievement of an Buyer Critical Schedule Milestone or a Seller Critical Schedule Milestone, as applicable, by more than 3 days (except in circumstances where Seller has no means of recovering such schedule impairment in which case Seller shall be entitled to a Change Order if Seller would otherwise have been so entitled). Neither party shall game or otherwise manipulate the foregoing

process, by aggregating or disaggregating cost and/or circumstances as the case may be (or otherwise), for the purpose of recovering or avoiding additional cost or time in accordance with the foregoing.

(g) Change Orders (in each case in excess of the applicable disregarded amount) shall address the change, if any, in the amount of the Purchase Price in one of the following manners:

(i) Buyer and Seller shall agree upon the amount by which the Change will impact the Purchase Price; or

(ii) Buyer and Seller shall agree as to the nature and extent of the Change, but in lieu of changing the Purchase Price, Seller shall perform the activities associated with the Change on a cost-reimbursement basis, in which event no change shall be made in the amount of the Purchase Price.

Section 13.2 Procedure for Changes

(a) Changes Initiated by Seller. Seller may, at any time and from time to time, make proposals to Buyer for improvements, efficiencies, cost savings and other similar Changes to the Work (each a “Seller-Initiated Change”), but no such proposal shall be carried out by Seller except as instructed in writing by Buyer in the form of a Change Order, which Buyer may in its discretion elect to issue as it sees fit. Such proposals of Seller shall be submitted in the form of a written Change Order Request in the manner substantially as set out in 13.1(d), and shall also contain and be supplemented with such information or additional information as Buyer may reasonably require in order to effect a reasoned decision as to the implementation, or rejection, (as the case may be) of the Change Order Request.

(b) Changes Initiated by Buyer. If Buyer desires to make a Change (each a “Buyer-Initiated Change”) not comprising rectification or recovery Work due to Seller’s negligence or breach of this Agreement, Buyer will submit a written Change Order Notice to Seller, substantially in the form of Exhibit D-3, comprising the nature and extent of the proposed change to the Scope of Work together with, to the extent available and/or applicable, Buyer’s opinion as to those matters required to be taken into account in accordance with Section 13.1 (“Changes”). Seller will promptly review the Change Order Notice and notify Buyer in writing within a reasonable amount of time of the options for implementing the proposed Change (including, if possible, any option that does not involve an extension of time) and the estimated effect(s), if any, that each such option would have on the Purchase Price and Project Schedule, and any other affected provision herein, as applicable. Such response shall also contain all those matters required to be set out in a Change. Order Request. Based upon such information, Buyer may, in its sole discretion, issue a Change Order making a Change.

(c) Required Change Orders. Seller shall be entitled to the issuance of Change Orders pursuant to this article 13 in connection with any circumstances which constitute a Change and which are attributable to the matters identified in subparagraphs (a) through (g) below (each a “Required Change”):

(i) Due to Change in Law Applicable Law/Permit. If and to the extent that a change in any Requirement of Law or Permit after the Effective Date results in an increase in

the cost of the Work or extends the Project Schedule, and in each case only to the extent that such increase or extension is greater than the threshold amounts identified in Section 13.1(f) above.

(ii) Change Order Due to Suspension of Work by Buyer. In the event that Buyer suspends the Work (i) in the circumstances with respect to which Seller is entitled to a Change Order as set out in Section 13.1 (“Changes”), or (ii) in the circumstances set out in article 16 (“Suspension of Works, Delivery or Erection”).

(iii) Change Order Due to Non-Performance by Buyer. If Buyer fails to perform or is late in performing in any material way any material obligation of Buyer under this Agreement and the cost to Seller is in excess of \$25,000 or a delay of more than 3 days. Neither party shall game or otherwise manipulate the foregoing process, by aggregating or disaggregating cost and/or circumstances as the case may be (or otherwise), for the purpose of recovering or avoiding additional cost or time in accordance with the foregoing.

Seller shall in all cases use or have used commercially reasonable efforts to mitigate potential delays to the Project Schedule and/or potential increases to the Purchase Price (the cost of such mitigation efforts to be addressed in any applicable Change Order).

(d) Except in the circumstances as set out in this Section 13.2 and with respect to which an application is properly made in accordance with this article 13, Seller shall not be entitled to seek either a Change, Change Order or extension of the Guaranteed Substantial Completion Date, nor to receive additional remuneration or reimbursement with respect to the Work.

Section 13.3 Continued Performance Pending Resolution of Disputes

Notwithstanding and pending the resolution of any dispute with respect to a Change or Change Order, Seller must proceed with the Work and the performance of any Change ordered by Buyer or any Required Change, unless Buyer directs Seller not to so proceed, provided that Seller is being paid on a current basis for all undisputed Work and for all disputed Work which has been ordered to be paid through a Claim proceeding dispute resolution relating thereto in accordance with this Agreement.

Section 13.4 Preservation of Schedule and Purchase Price

Where any proposed Change or Change Order Request may give rise to an extension of any of the Project Schedule or an increase in the Purchase Price, then Buyer reserves, in its sole discretion and to the extent possible, the right to require Seller to vary, amend or effect such other Change to the Work in such a manner as will mitigate or avoid the requirement for such extension of time or increase in price.

Inspections under this Section 14.3 are solely for the benefit of Buyer and any inspection or failure to inspect and any objection or failure to object by Buyer shall not (i) relieve Seller or any Contractor of any of their obligations under any Transaction Document or (ii) be used as evidence that Buyer agreed that either or both of Seller or any Contractor or Subcontractor had fulfilled any obligations under any Transaction Document or that Buyer had waived any of its rights under any Transaction Document.

(b) If, as a result of an inspection or examination referred to in paragraph (a) above, Buyer decides that any portion of the Work is nonconforming or otherwise not in accordance with this Agreement, Buyer shall promptly notify Seller thereof. Such notice shall state Buyer's objections and its reasons therefor in reasonable detail. Buyer shall have the right, upon reasonable advance written notice to Seller, to inspect and audit Seller's books and records in order to verify the accuracy of and/or to determine the amount of any cost-based reimbursement associated with any suspension of the Work.

Buyer and Buyer's Representative, in connection with the performance of this Agreement by Seller, shall have the right and opportunity to be present and observe the Performance Tests and shall have the right and opportunity in advance or during the Performance Tests to inspect and validate all meters, meter readings and other pertinent data necessary to verify the results of the Performance Tests. Buyer shall provide reasonable notice to Seller of any such observation and inspection, including the specific information desired and method of obtaining such information. Seller and Buyer shall coordinate such observation, inspection and validation so as not to interfere with the Performance Tests yet provide for a verifiable result. Buyer shall have the same rights with respect to any other Performance Tests conducted by Seller as set forth above.

Section 18.5 Additional Tests; Test Energy

(a) After the Substantial Completion Date with respect to the Work, Seller may, unless Buyer reasonably objects, make any additional tests which Seller considers desirable at their own risk and cost; provided, however,

(i) if such tests require any change in Buyer's dispatch schedule for the Project, then Seller shall reimburse Buyer for all costs and Claims associated with such change in dispatch;

(ii) if such tests damage the Project in any way, then Seller shall bear all costs of making good such damage and of all Claims resulting from such damage; and

(iii) if such test may cause the Project to no longer meet the Performance Guarantees, then Seller shall, at its sole cost, re-conduct the Performance Tests and compensate Buyer for all costs and Claims associated with reconducting the Performance Tests.

(b) Buyer shall have the exclusive right to all electric energy generated by the Plant during any Performance Tests.

Section 18.6 Timing

Seller shall give Buyer at least ninety (90) days' prior notice of the date on which the first Performance Tests will begin and at least five (5) days' prior notice of a change in the Performance Test schedule. Buyer may request that Seller conduct the Performance Tests at another time more convenient to Buyer, which request shall set forth the reasons therefor.

Section 18.7 Test Reports

(a) Seller shall deliver to Buyer a preliminary test report, including the test data sheets and calculated results for each Performance Test or retest (the "Preliminary Performance Test Report"), promptly after completion of each Performance Test, together with a notice to Buyer certifying completion of the Performance Tests in accordance with this Agreement and results of such Performance Tests. Promptly after receipt of such Preliminary Performance Test Report, Buyer and Seller shall consult concerning the results of such tests, and within three (3) days thereafter, Buyer shall (i) state it concurs with the results of the Performance Tests or (ii) state it disputes the results of the Performance Tests and stating in detail the reasons therefor.

Within fifteen (15) days of receipt of such documentation from Seller, Buyer shall either (i) accept the Performance Test results or (ii) state it disputes the results of the Performance Tests and the reasons therefor. If Buyer disputes the accuracy of the Performance Tests results in the Final Performance Test Report, then Seller shall re-perform the applicable Performance Tests (or part thereof) in accordance with the procedures set forth in Appendix H. If the results of the re-test confirm the accuracy of the initial test, then Buyer shall pay the increased costs directly resulting from the re-test. If the results of the re-test do not confirm the accuracy of the initial test, then Seller shall pay for the costs of the re-test and any subsequent tests necessary to confirm compliance with all Performance Guarantees.

Section 18.8 Failure on Tests or Inspection

If after inspection, examination or witnessing the testing of any of the Work, Buyer decides, in its sole discretion, that such Work or any part thereof is defective or not in accordance with the Agreement, it may reject the said Work or part thereof by giving to Seller, within ten (10) days, notice of such rejection, stating therein the grounds upon which the said decision is based. Following any such rejection, Seller shall replace or repair the Equipment, the Plant or part thereof rejected and re-submit

Section 19.2 Replacement of Defects

All Equipment or Plant provided or Work done by Buyer to replace defective Equipment or Plant shall comply with the Agreement and shall be obtained at reasonable prices and where reasonably practicable under competitive conditions. Seller shall be entitled at its own expense to remove and retain all defective Equipment or Plant that Buyer may have replaced. AND TRANSFER OF CARE, CUSTODY AND CONTROL

Section 20.1 Notice of Substantial Completion of Work

(a) When the Work meets the Substantial Completion Criteria set forth in Appendix H, Seller shall so notify Buyer and provide Buyer a certificate of an Authorized Officer of Seller certifying that the Substantial Completion Criteria have been met and the date thereof (such notice and affidavit, the “Request for Substantial Completion”).

(b) Within five (5) days after receipt of the Request for Substantial Completion, Buyer shall by notice (“Notice of Substantial Completion”) either: (i) reject such Request for Substantial Completion and refuse to issue the Notice of Substantial Completion and state what Substantial Completion Criteria Seller failed to achieve; or (ii) accept the Request for Substantial Completion as given or with punch list items, and issue the Notice of Substantial Completion with Substantial Completion deemed to occur on the date set forth in said Request for Substantial Completion.

(c) If Buyer rejects the Request for Substantial Completion, Seller shall promptly provide to Buyer a plan and schedule for remedying the deficiencies specified in Buyer’s rejection, shall carry out such plan at its own cost and expense, and, upon completion thereof, shall issue a new Request for Substantial Completion.

(d) The foregoing procedure shall apply again and successively thereafter until Substantial Completion Criteria have been achieved. Disputes as to whether Seller has achieved Substantial Completion shall be resolved pursuant to article 32 (“Claims, Claim Notice and Dispute Resolution”).

Section 20.2 Care, Custody and Control; Punch List Items

Seller shall also be responsible for loss or damage thereto caused by the Contractor or any Subcontractor in the course of any work carried out under or the Project Documents or in connection with the Project until Final Acceptance. Seller hereby waives any and all claims or causes of action it might have now or in the future against Buyer, whether by way of affirmative action, offset, cross claim or otherwise, resulting from any negligence of Buyer for any loss or damage that may occur to the Work or any part thereof caused by Buyer in the course of any work to the extent carried out by Buyer at Seller’s direction or with Seller’s consent in connection with the Project. Seller shall be liable for any loss or damage to any Materials.

Buyer shall submit to Seller the completed preliminary punch list at least ten (10) Business Days prior to the anticipated Substantial Completion Date. Within five (5) Business Days following the Substantial Completion Date, Buyer shall issue to Seller a final punch list (the “Final Punch List”). After receipt thereof, Seller and Buyer shall mutually agree on the punch list

items, the value related thereto and on a schedule for completion of such items. Buyer shall withhold from its Progress Payment at the Closing an amount equal to 1.5 times the agreed upon value of the Final Punch List, but shall make periodic pro-rata payments as Seller demonstrate completion of the items on the Final Punch List to Buyer. All of the items on the Final Punch List shall be completed expeditiously after the Substantial Completion Date. Buyer shall provide to Seller for such purpose reasonable access to the Work.

Section 20.3 Dispatch Coordination

During the startup, testing and commissioning of the Plant, Seller shall coordinate with Buyer's Representative and Buyer's operating personnel the orderly startup and shut-down of the Plant. Ninety (90) days prior to the initial startup of the Plant, Seller shall provide to Buyer a schedule of dispatch for the Plant during the commissioning period, including expected net plant output, duration of the commissioning activity and expected fuel usage. Within thirty (30) days of the initial startup of the Plant, Seller shall provide to Buyer an update to this schedule and thereafter on a weekly basis until Substantial Completion is achieved. Seller shall also provide 72 hours' advance notice to Buyer of the planned Plant dispatch profile including net plant output, duration of the commissioning period and expected fuel usage.

Section 20.4 Use Before Acceptance Date

 - (iii) when the Equipment and Plant is appropriated for the purpose of the Project.

Seller shall indemnify and keep indemnified Buyer against any claims, losses or damage arising from any defect in title or encumbrances or charge upon any of the Equipment and Plant supplied pursuant to the Agreement.

Section 20.6 Marking of Equipment and Plant

(a) Where, prior to delivery, the property in Equipment and Plant passes to Buyer, Seller shall, so far as is practicable, set the Equipment and Plant aside and mark it as Buyer's property in a manner reasonably required by Buyer.

(b) Until the Equipment and Plant has been so set aside and marked, Buyer shall be entitled to withhold any interim Progress Payment to which Seller might otherwise be entitled.

(c) Seller shall permit Buyer at any time upon reasonable notice to inspect any Equipment or Plant which has become the property of Buyer and shall grant Buyer or procure the grant of access to Seller's premises for such purposes or any other premises where such Equipment and Plant may be located. Such inspection shall not constitute acceptance of the Equipment and Plant.

(d) All such Equipment and Plant shall be in the care and possession of Seller solely for the purposes of the Agreement and shall not be within the ownership or disposition of Seller.

(e) No Progress Payment or interim Certificate of Payment issued by Buyer shall prejudice its right to reject Equipment or Plant which is not in accordance with the Agreement. Upon any such rejection the property in the rejected Equipment or Plant shall immediately revert to Seller.

(f) Seller shall transfer title to the Work to Buyer at the earliest to occur of (i) when the Equipment and/or Materials are brought on the Site; (ii) the specific Equipment and/or Materials are included in a request for a Progress Payment; and (iii) when the Equipment and/or Materials are appropriated for use in the Project. Seller shall cause the Contractor to transfer the Work supplied and performed by the Contractor to Buyer (x) prior to the Closing, free and clear of all Liens other than (A) mechanics liens relating to the Work supplied and performed by the Contractor's Subcontractors that have not yet been paid and (B) amounts payable to Contractor's Subcontractors that are being disputed in good faith provided that the Contractor has posted a bond against such Liens with a bonding company or other surety reasonably acceptable to Buyer, and (y) upon the Closing, free and clear of all Liens. Seller shall indemnify and keep indemnified the Buyer against any claims, losses or damage arising from any defect in title or encumbrances or charge upon any of the Equipment and Plant supplied pursuant to this Agreement.

(g) With respect to any Lien or Claim relating to the Project other than Permitted Liens (i) arising through the Contractor or any Subcontractor, Seller agrees to cause the Contractor or Subcontractor to promptly remove or cause, or cause to be removed, any such Lien or Claim and (ii) Seller agrees promptly remove or cause, or caused to be removed, any such other Liens or Claims not covered by the immediately preceding clause (a).

Notwithstanding the transfer of title of the Work pursuant to Section 20.5 ("Title and Risk of Loss") the responsibility for care, custody and control thereof, together with the risk of loss or damage thereto shall remain with Seller until the Substantial Completion Date.

Section 20.7 Removal of Equipment

Prior to Final Acceptance, Seller shall remove from the Site all equipment, materials, temporary structures constructed by or on behalf of Seller or other items of any nature required for execution or completion of the Work, but excluding equipment, materials, appliances or other items intended to form or forming part of the Work. Prior to disposition of such items, Seller shall make a written offer to sell items to Buyer which Seller or any Contractor desires to sell. Seller shall leave the Site in good order and in neat and presentable condition. Any surplus items will become property of Buyer if not removed by Seller or its Contractor within thirty (30) days after Final Acceptance (or such later date contemplated in any completion and demobilization procedure mutually agreed by Buyer and the Project Parties). All costs to dispose of any such items not removed by Seller within the thirty (30) days following Final Acceptance (or such later date contemplated in any completion and demobilization procedure mutually agreed by Buyer and the Project Parties) and which Buyer does not wish to keep shall be for the account of Seller. Prior to removing any equipment from the Site Seller shall provide to Buyer a detailed list of Seller Equipment to be removed. No equipment shall be Seller Equipment unless it is included in the then-current list approved pursuant to Section 12.1 (“Seller’s Equipment”).

Section 20.8 Notice of Final Acceptance of Work

Upon completion of all the criteria for Final Acceptance set forth in Appendix H, Seller shall give notice to Buyer by request for Final Acceptance, together with an affidavit that all requirements for Final Acceptance set forth in Appendix H have been met. Thereafter, the same procedures as specified in Section 13.1 (“Changes”) shall apply until Buyer issues notice to Seller accepting Seller’s request for Final Acceptance (“Notice of Final Acceptance”). Disputes as to whether Seller has achieved Final Acceptance shall be resolved pursuant to article 32 (“Claims, Claim Notice and Dispute Resolution”).

ARTICLE 21

CODES AND STANDARDS

Section 21.1 Comparable Quality

Appendix B sets forth all major systems/sub-systems/Equipment/components which will be supplied in performance of the Work. Notwithstanding the foregoing, the Parties recognize that Appendix B is not all inclusive and does not specify all Equipment/components required for Plant completion. Therefore, the Parties agree that for Equipment/components not specifically set forth in Appendix B, the quality standards of such unspecified Equipment/components shall be consistent with the requirements of article 14 (“Workmanship and Materials”).

The purpose of the contingency plan is to avoid any delays in construction of the Project by planning in advance how to respond to unexpected pre-existing environmental conditions that could impact the Schedule or

the Guaranteed Substantial Completion Date. The contingency plan shall, at a minimum, provide for:

(i) a contaminated soils staging area so that construction of the Project can continue without delays. Such contaminated soils (that must be removed for construction purposes) can be placed in the staging area while testing and subsequent disposal decisions are made;

(ii) the handling of any contaminated groundwater that might be extracted, including the prospective procurement of a UPDES permit in the event the contingency plan calls for such extracted water being discharged into an area that is subject to Clean Water Act jurisdiction; and

Section 23.5 Contractor and Subcontractor Warranties

Seller will procure from the Contractor and each Subcontractor warranties with respect to services, Plant and Equipment provided by such entity for a period of no less than eighteen (18) months after the Closing Date and for a further eighteen (18) months after any warranty repair with respect to the subject of the repair. Seller shall obtain and maintain all such warranties in full force and effect.

Section 23.6 Delay in Remedying Defects

If any such Defect or damage is not remedied by Seller within a reasonable time or requires prompt remediation as a result of an emergency situation existing at the Site, Buyer may proceed to do the Work at Seller’s risk and expense provided that it does so in a reasonable manner and notifies Seller of Buyer’s intention so to do. All Costs incurred by Buyer shall be deducted from the Purchase Price or be paid by Seller to Buyer.

ARTICLE 24

LIQUIDATED DAMAGES

Section 24.1 General

The Parties agree that it is difficult or impossible to determine with precision the amount of damages that would be incurred by Buyer as a result of Seller's failure to timely complete the Project or to meet the Guaranteed Substantial Completion Date or Performance Guarantees. Accordingly, the Parties expressly agree that if Seller fails to timely complete the Project or to meet the Guaranteed Substantial Completion Date or the Performance Guarantees, any sums which would be payable under this article 24 because of such failures are liquidated damages and not a penalty, and are fair and reasonable and any such sums represent a reasonable estimate of fair compensation for the losses that may reasonably be anticipated from such failures. Notwithstanding anything to the contrary herein: (a) provisions of this Agreement providing for liquidated damages only relate to damages arising out of Seller's performance under the Agreement, and do not limit damages payable to Buyer related to or arising from the termination of this Agreement, by Buyer or otherwise, and (b) in no event are liquidated damages Buyer's exclusive remedy for any breach or failure to perform by Seller.

Section 24.2 Critical Milestone Guarantee Liquidated Damages

(a) The Project Schedule designates certain times as critical milestones (each a "Critical Milestone") by which Seller represents that each such Critical Milestone will occur by its respective Target Date. While timely completion of each step in the Project Schedule is important to the success of the project, the occurrence of each Critical Milestone by its respective Target Date is of critical importance to completion of the Project in a timely manner consistent with Buyer's vital business interests.

(b) The Parties agree that it will be very difficult to determine the cost to Buyer for late delivery of Critical Milestones; therefore, the Parties agree upon the amounts set forth below, as liquidated damages for such late delivery and not a penalty, as consideration for delay in delivery and the resulting loss of beneficial use of the Work associated with each Critical Milestone. Such amounts being Critical Milestones Liquidated Damages ("Critical Milestone LDs").

(c) For each day of delay after the relevant Target Date in achieving any Critical Milestone, the amounts otherwise payable to Seller pursuant to this Agreement shall be reduced by \$[] per day for each day of delay beyond the relevant Target Date in achieving any Critical Milestone ("Reduction Amount").

(d) The Reduction Amount (i) shall arise independently with respect to each such delay and (ii) shall arise independently with respect to Late Substantial Completion LDs as defined in Section 24.3 ("Liquidated Damages for Delay in Substantial Completion"). At Buyer's option and in its sole discretion, Buyer may either require Seller to pay to Buyer the Reduction Amount or may deduct the Reduction Amount from any monies subsequently payable to Seller.

(e) Nothing in this Article, including without limitation Buyer's full payment of amounts owed hereunder, diminishes or impairs Buyer's other rights and remedies against Seller.

Section 24.3 Liquidated Damages for Delay in Substantial Completion

If Seller fails to achieve Substantial Completion prior to the Substantial Completion LD Commencement Date, then commencing on the Substantial Completion LD Commencement Date, Seller shall pay Buyer liquidated damages, for each day until Seller achieves Substantial Completion, in an amount equal to (a) fifty thousand Dollars (\$50,000.00) per day if the Project is Dispatchable and (b) one hundred thousand Dollars (\$100,000.00) per day if the Project is not Dispatchable (collectively, "Late Substantial Completion LDs").

Section 24.4 Liquidated Damages for Net Capacity and Net Heat Rate

Seller shall pay liquidated damages in accordance with the terms and conditions set forth in Section 14 of Appendix H as a result of the failure of the Work to achieve the Guaranteed Net Capacity, the Guaranteed Incremental Net Capacity or the Guaranteed Net Heat Rate and the Guaranteed Incremental Net Heat Rate in accordance with the Performance Guarantees. Seller shall be granted the Cure Period to allow remedial actions to be taken to achieve the Guaranteed Net Capacity and the Guaranteed Incremental Net Capacity or the Guaranteed Net Heat Rate and the Guaranteed Incremental Net Capacity, prior to Seller's being liable for payment of the liquidated damages as provided in Section 14 of Appendix H.

Section 24.5 Liquidated Damages for Startup and Commissioning

If in connection with startup, commissioning and Performance Testing Seller exceeds ninety (90) Equivalent Starts and/or three hundred (300) Fired Hours per Combustion Turbine, then Seller shall pay to Buyer, in addition to any other Liquidated Damages, and amount equal to (a) Twelve Thousand Dollars (\$12,000) per Equivalent Start in excess of ninety (90) Equivalent Starts for either Combustion Turbine; plus (b) Three Hundred Dollars (\$300) per Fired Hour in excess of three hundred (300) Fired Hours for either Combustion Turbine.

Section 24.6 Calculations and Payments of Liquidated Damages

(a) Unless otherwise set forth in this article 24, all calculations with respect to amounts payable as liquidated damages under this article 24 shall be made by Seller and provided to Buyer within (i) in the case of Section 24.2 ("Critical Milestone Guarantee Liquidated Damages") and Section 24.3 ("Liquidated Damages for Delay in Substantial Completion"), ten (10) Business Days after the final day of each month during which amounts become payable thereunder; and (ii) in the case of Section 24.4 ("Liquidated Damages for Net Capacity") and Section 24.5 ("Liquidated Damages for Startup and Commissioning"), ten (10) Business Days after Buyer's receipt of the Final Performance Test Report, but no later than ten (10) Business Days after the end of any applicable cure period. Buyer shall have the right to audit such calculations. Seller shall itemize such calculations and such calculations shall include supporting documentation as Buyer shall reasonably request and shall be in sufficient detail to permit Buyer to verify each calculation. Buyer shall notify Seller as soon as reasonably possible of any portion of the calculations with which Buyer disagrees.

(b) Liquidated damages shall bear interest at the Late Payment Rate, compounded daily from the date such amount was due, but not to exceed the maximum rate of interest permitted by Applicable Law.

ARTICLE 25

LIMITATIONS OF LIABILITY

Section 25.1 Duty to Mitigate

In all cases, but subject to any right or remedy which the Party may have under or by virtue of this Agreement, the Party establishing or alleging a breach of Agreement or a right to recover pursuant to any Article under this Agreement or a right to be indemnified in accordance with this Agreement shall be under a duty to take all necessary measures to mitigate the loss which has occurred provided that the Party can do so without unreasonable inconvenience or cost.

Section 25.2 Limitation of Buyer's Liability

Subject to the obligation of Seller to pay or allow Liquidated Damages to Buyer under this Agreement, neither Seller nor Buyer shall be liable to the other by way of indemnity or by reason of any breach of this Agreement or of statutory duty or by reason of tort (including negligence but excluding any damages payable to a third party caused by a trespass or nuisance for which Seller is responsible pursuant to this Agreement) for any loss of profit or income, loss of use, loss of production, loss of contracts or for any indirect or consequential, multiple, punitive or exemplary damages that may be suffered by the other.

Section 25.3 Enforceability of Liquidated Damages

(a) Enforceability of Liquidated Damages. If the provisions for the payment of Liquidated Damages in this Agreement are held to be unenforceable, Seller agrees to pay to Buyer all actual damages suffered by Buyer due to the circumstances giving rise to the liability to pay Liquidated Damages (had they been enforceable) including loss of profit or income, loss of use, loss of production, loss of contracts and indirect and consequential damages but subject to the maximum amounts which would have been payable if the Liquidated Damages provisions had been enforceable.

(b) If, however, the provisions for the payment of Liquidated Damages in this Agreement are held to be unenforceable as a result of a claim, objection, defense, dispute or proceedings raised or brought by Seller as part of or during the hearing of which Seller argues that the said provisions are unenforceable on the grounds that such liquidated damages should be construed at law as and/or amount to a penalty as opposed to an argument or suggestion that Seller is not liable to pay Liquidated Damages pursuant to this Agreement, Seller expressly agrees to pay to Buyer all costs, losses and damages whatsoever (including loss of profit, loss of use and loss of production, loss of contracts and indirect and consequential damages) incurred or payable by Buyer arising from or in connection with the circumstances giving rise to the claim for the payment of Liquidated Damages which has been made by Buyer, WHICH PAYMENTS SHALL NOT BE SUBJECT TO ANY CAPS ON LIABILITY.

In calculating the unexpended amounts of Seller’s limitations of liability under this Section, no account shall be taken of any insurance proceeds payable to Seller (whether payable directly to Seller or payable to Seller through Buyer) under insurance coverage obtained by Buyer operate to reduce such unexpended limits of liability unless and to the extent that such proceeds are not paid due to circumstances beyond the control of Seller within a reasonable time following final determination in accordance with the relevant policy of insurance that they are payable. Any Claim of contribution or indemnification between Buyer and Seller relating to such Claims shall be resolved on the basis of the percentage of fault or negligence and the Parties agree to reserve the determination of such percentage until after resolution of such Claim. Such pro rata share shall be based upon a final judicial determination of the Parties’ comparative fault or negligence or, in the absence of such determination, by mutual agreement.

(e) Nothing in this Section 26.1 is intended to allow any Indemnified Party to be indemnified from and against any third party Claims and Liabilities caused by, arising out of, or in connection with the performance of this Agreement to the extent any of such Claims or Liabilities

(f) If Seller shall default in discharging any Liens, Claims or encumbrances filed or asserted against the Work, Buyer shall promptly provide notice to Seller, and Seller shall then satisfy or defend any such Liens, Claims or encumbrances. Seller’s failure to give notice as required will constitute a waiver of all of Seller’s rights with respect to the Claim.

(ii) As soon as practicable after Claim notification, Seller shall submit the Claim to Buyer with all supporting information and documentation. Seller shall also respond promptly to all Buyer inquiries about the Claim and its basis.

(iii) Any Claim which is not disposed of by mutual agreement between the Parties shall be decided by Buyer, which shall provide a written decision to Seller. (b) Notification Prior to Incurring Costs. In any circumstances which might give rise to a claim pursuant to this Article, Seller shall, before incurring any cost or expense, first give Buyer every opportunity to determine whether the cost or expense should be incurred or whether any act or forbearance shall or might mitigate the cost of any such claim.

If the matter is not resolved by such negotiations, either party may, by giving written notice to the other party, cause the matter to be referred to a meeting of appropriate higher management representatives of the parties. Such meeting shall be held within thirty (30) days following the giving of the written notice. If the matter is not resolved within thirty (30) days after the date of the notice referring the matter to the appropriate high management or such later date as may be mutually agreed upon, the parties may then, subject to the terms of this Agreement, commence legal action in court of competent jurisdiction in order to resolve the dispute.
