Subject: RE: 2nd Wasatch Wind data requests

Rich,

I do not recall ever discussing a second set of data requests with you or Tracey, much less a seven day turnaround on such.

While I sympathize with your need to receive answers quickly due to your upcoming vacation plans, I assure you just as I did Tracey that we are working as quickly as possible with the resources available to respond to your numerous and extensive inquiries.

Your first set of data requests was received by the Data Request Response Center on Tuesday, July 18th and answers were delivered to you yesterday, Monday, July 31 st - a 13 day turnaround.

We anticipate responses to this second set will be delivered within 14 days of receipt as well.

Thanks,

Paul

Please provide answers within seven days as discussed with Paul Clements. If you have questions please contact Tracy Livingston. Please add Mike Unger to the mailing list at munger @elconassoc.com
Thanks
