Subject: we do not need another rate increase on our power bill

Hi I am Ronnie Peterson . The reason I am sending this e-mail is to let you know once again as a reminder we do not need another rate increase on- our power bill from Utah Power now called Rocky Power or what ever.

I do have a good suggestion ,, I would like to make,,, I think that if you would and the commission would like to have a rate increase then fine,,, you do not need to vote,,, not for me,, just for you kay??? If you want the rate increase then good,, you pay it your self,, if you love it that much.

I do not need you to vote for me,,, just to have you ,, corrupt people stuff another rate increase up my ass, thanks I hope I got the point made,,,
