Steve: In reviewing your file, JAM June 2007 Base.xls, it seems that there must be a RAM model that details/quantifies the adjustments for the 12 months ending June 2007. Is such a file available, and may I obtain a copy? I sent you an earlier email with the same request, but misspelled your name. Thank you, Jim L.

Please refer to Attachment UPSC 1 for a copy of the RAM model. This file was used only to prepare the adjustment input for the Base JAM. The cover sheets came from a different file and the descriptions were not updated.
