BEFORE THE PUBLIC SERVICE COMMISSION OF UTAH	
In the Matter of the Application of Rocky Mountain Power for Authority To Increase its Retail Electric Utility Service Rates in Utah and for Approval of Its Proposed Electric Service Schedules and Electric Service Regulations, Consisting of a General Rate Increase of Approximately \$161.2 Million Per Year, and for Approval of a New Large Load Surcharge	Docket 07-035-93 REQUEST TO INTERVENE

Pursuant to Utah Code Ann. § 63-46b-9 and Rule R746-100-7, Central Valley Water Reclamation Facility, the largest wastewater treatment facility in the State of Utah, hereby petitions to intervene in this docket.

In support of this petition, Central Valley Water states as follows:

1. Petitioner is a Schedule 8 customer. Central Valley intervened in the last rate case and played an integral role in the stipulation that was presented to the commission.
2. With the proposed large load surcharge, Central Valley believes that future

impacts to its operation makes it necessary that it be a participant in the discussions which will be taking place.

3. Petitioner has not fully determined the specific positions it will take or the relief it will seek. Petitioners seek to intervene for purposes of protecting its interests as it may appear, particularly on issues of relevance to large electric consumers and may include additional large electric customers not represented by other parties.
4. The interests of justice and the orderly and prompt conduct of this proceeding will not be materially impaired by allowing Petitioner to intervene.
5. Notices in this proceeding should be sent to the following:
