Re: Docket No. 07-035-94: In the Matter of the Application of PacifiCorp for Approval of a Solicitation Process for a Flexible Resource for 2012-2017 Time Period, and for Approval of a Significant Energy Resource Decision

Dear Julie:

In the Reply of Rocky Mountain Power to Responses to Notice of Intent to Resume 2008 All Source filed October 21, 2009, Rocky Mountain Power set forth a revised proposed schedule related to the resumed 2008 All Source RFP. This letter is to inform the Commission and all interested parties that the bidder and stakeholder meeting scheduled for November 20, 2009 will be postponed until **December 15, 2009**. Currently, the Company expects to issue the RFP to the market on or approximately December 2, 2009; however, the Company would like to schedule the stakeholder meeting to a date *after* the RFP is issued to the market. In addition, the current date scheduled for bidders to submit their notice of intent to bid, will be postponed from December 17, 2009 to **December 22, 2009**. This will give bidders additional time to submit their notices. Finally, the proposed new dates are contingent on the Company reissuing the RFP. While the Company fully intends to do so, it is important to keep in mind that the dates may still move, depending on the date the RFP is finally issued.
